

PERMANENT RELIEF URGED FOR JOBLESS

Recommendations of Conference To Aid Unemployed Include Reduction of Rail Rates on Commodities

Decrease in Burdens Asked, and Program For More Regular Work in Seasonal and Intermittent Industries

WASHINGTON, Oct. 11. — The national conference on unemployment adopted unanimously today the general program outlined by its committees embodying suggestions for a more expeditious recovery in business and permanent employment.

BY ASSOCIATED PRESS
LEASED WIRE TO TREASURY.

WASHINGTON, Oct. 11.—Readjustment and reduction of railroad freight rates constituted one of a number of recommendations formulated for presentation today to the

The recommendation proposes readjustment of railroad rates more nearly in accord with the relative value of the commodities and reductions in charges on shipments of primary commodities. This should be done, however, the resolution states, with proper attention to maintenance of financial stability of the carriers.

**SPEEDY ENACTMENT OF
LEGISLATION DESIRED.**

presented to the full conference late today, recommend:

Speedy enactment of tax legislation, with its contemplated reduction of levies, in order that business may be promptly revived.

Immediate determination of the course of Congress with respect to tariff legislation to enable business to decide upon its future conduct and policies.

Settlement of the government's financial relationship with the railways, having in mind the immediate necessity for increased betterment making effective increased railroad transportation and

Limitation of world armament and consequent increase of tranquility and further decrease of the tax burden, not only of the United States, but of other countries.

Action looking to the minimizing of fluctuations of exchange.

**MORE REGULAR
EMPLOYMENT URGED.**

Definite programs of action that will lead to more regular employment in seasonal and intermittent industries, notably in the coal industry.

Readjustment of the buying power of the different elements of

The resolutions were understood to present the view that a disproportionate existed between the price of primary commodities and the ultimate retail price, this being due to increased costs of transportation, enlarged profits, interests, taxes, labor and other charges.

The various sub-committee are expected to be issued later in the week.

By RAYMOND CLAPPER,
United Press Staff Correspondent.
WASHINGTON, Oct. 11.—Presi-

may be put into effect to get a huge fleet of American ships on the high seas again, it was learned today. He and Chairman Lasker of the Shipping Board are agreed, it is said, that financial aid from the government, largely through indirect subsidies, is necessary to put life into the American merchant marine.

The plan of Secretary of Commerce Hoover to stimulate coal mining by the Shipping Board leasing idle ships to coal exporters at the nominal fee of \$1 a month probably will be discussed at the cabinet meeting today, it was learned at the de-

Beautiful American Girl Bride of Duke

PARIS, Oct. 11.—A lovely 19-year-old American girl, Evelyn Gordon, born a simple "Miss," daughter of John Gordon of New York, has become a duchess, wedding the Duc de Crussol and one of the oldest titles in Europe. She will socially outrank many a princess of less ancient lineage.

The wedding was held with pomp and ceremony in the historic Chateau

Six hundred peeresses and nobles clad in their traditional robes filled the private chapel, which was decorated with masses of white orchids, while the venerable Cardinal Beccaria presided upon the couple before the altar of the Holy Roman church. Sir Milne Chestham of the British foreign office gave away the bride. Count Gaston de la Rochefoucauld was best man.

Watch Cases, Jewels Stolen By Burglars

The burglars took five gross of balance jewels, consisting of rubies, sapphires and garnets; five gross of plate jewels, six dozen assorted pins and 25 assorted watch cases.

Ashby Club Applauds as Gelder Scores Charter

BERKELEY, Oct. 11.—Echoing sentiments previously expressed against consolidation, the Ashby Community Club last night applauded George Gelder, former Berkeley assemblyman, when the latter arranged the proposed merger charter as an enemy of democracy.

Speaking to more than a half hundred members of the club at a meeting in Ashby hall, Gelder declared that if the money-saving argument were true it is not strong enough to balance the harm that would result from the merger in building up a one man autocracy. Gelder declared, however, that the principal argument advanced to show where thousands of dollars could be saved annually would not hold water.

I was originally in favor of city and county government, declared Gelder, but since reading the merger charter I have come to the conclusion that no matter what is claimed in the name of consolidation, there is something that is better to me not alone as a taxpayer but as an American citizen than any mere saving in taxes—and that is the right of government for the people.

PROGRESS BROKEN. I was originally in favor of city and county government because it was declared to be before the freeholders were elected that a counter move to the same line of thought was presented—that we would have the same form of government as the city and county of San Francisco. Such promises are empty.

I charge that Mr. D. C. Williams at the request of Mark L. Requa prepared the present charter long before the freeholders were ever elected. I charge that the freeholders had very little to do with the actual framing of the charter. I charge that a certain element in Oakland has a vital interest in that charter, more of an interest than appears on the surface.

The San Francisco-Oakland Terminal Railway, for instance, has been working hard for the adoption of the charter. Why? It favors that provision relating to the resettlement franchise, to deal with one community instead of various ones it can reduce its returns to the taxpayers by having one general franchise instead of reckoning with each community.

Gelder charged that corporation interests dominated earlier meetings of the consolidation forces when names were being submitted for the board of freeholders. That there is unfair representation is evident by the personnel of the board.

ATTACK ON MANAGER. An attack on the county manager with his proposed \$12,000 salary, and Berkeley's two proposed representatives on the metropolitan council of seven was also voiced by Gelder.

"They will have seven people to represent 350,000 residents of Alameda county if the charter goes through," pointed out Gelder. "At the present time Berkeley has five representatives for approximately 60,000. It would seem that they fear to keep government close to the people. In view of the fact, however, that the question of money-saving is doubtful, should we put our heads into a noose and rob ourselves of our inherent rights?"

"It is an insult to the people of Alameda county to say that we can't wisely elect our own officials. We have been doing it these many years. No doubt we have erred, but there are ways to correct those errors. The

CORPORATIONS TO GAIN BY MERGER, MAGOON ASSERTS

Consolidation Provides For Resettlement Franchise, Speaker Declares.

That the residents of the Eastbay district will be playing directly into the hands of public utility corporations if they vote favorably on the proposed scheme for city and county consolidation, was the assertion last night of L. B. Magoon, who spoke against the proposed charter at the Elmhurst Presbyterian church.

Magoon declared that passage of the charter would seriously affect the city manager plan of government. The people there do not know how to escape. Berkeley voted down the city manager plan of government most decisively several years ago because she feared it represented a too autocratic innovation why should she favor an even more autocratic plan?

Gelder's address was enthusiastically applauded. The club, composed of prominent businessmen of the Ashby region has previously gone on record as opposed to consolidation.

PROSECUTOR SIFTS ARBUCKLE'S PAST

SAN FRANCISCO, Oct. 11.—District Attorney Matthew Brady of San Francisco was in Los Angeles today to gather evidence to be used in the prosecution of Roscoe (Fatty) Arbuckle on a charge of causing the death of Virginia Rappe. Brady admitted before departure that District Attorney Thomas Lee Woolwine of Los Angeles had assisted him in gathering evidence in the southern city. It was believed that his evidence covers happenings at the famed "parties" which were alleged to have relieved the monotony of studio life.

Arbuckle will plead in court here Thursday. At the same time it was expected, a new chief counsel will appear for him—probably Gavin McVay, San Francisco lawyer, who may be retained by motion picture interests interested in seeing Arbuckle exonerated.

American Seaman Is Murdered in Mexico

BY INTERNATIONAL NEWS SERVICE
WASHINGTON, Oct. 11.—Henry LaFramme, American citizen and seaman on the United States vessel Salem County was stabbed to death by an unidentified Mexican near Tampico on October 2, the State Department was advised today. The American consul at Tampico has reported the murder to the Mexican authorities and requested that immediate action be taken for the apprehension and punishment of the guilty person.

HIGH COST OF WATER

"The problem requires a bonding power of all the cities to take care of the water supply and to go back into the mountains and develop it so it will be adequate for the needs of the community. At the present time in Los Angeles the people are paying something like 7 cents per 100 gallons of water. In Oakland and other Eastbay cities it is something like 30 cents for the same amount."

"If we are divided and the spirit of antagonism prevails which it will do, how will it be able for the people to get together and work for the betterment of even this one problem?"

"The water company has applied for permission to issue \$50,000 in bonds to go up into the mountains and develop the water supply so they can make profit. If consolidation goes through, the people will be playing into their hands and with the differences of opinion which will result, they will be powerless to help themselves."

RESSETTLEMENT FRANCHISE

"There is no provision made in the charter which has been submitted by the board of freeholders for public ownership. The only way to remedy this problem is by a utility district where the people themselves can develop their own water and not the company. If the county is divided, how can the people be expected to work together for water? They can't."

"Some time ago the city council refused to pass the resettlement franchise, which was wanted by the traction company. Now the resettlement franchise is coming before the council. It is in the new charter provision, in Section 176. This section provides that the resettlement franchise can either be passed by the majority of the metropolitan council or by the people at an election."

DEFEAT HELD CERTAIN

"Many of the names of the men comprising the board of freeholders will be recognized easily as names who represent the interests of corporations. As much as I would like to, I will not mention their names, because none of them are here tonight. However, one of them was a bond broker and some time ago affiliated directly with the traction company."

"The fear of consolidation is a real

OAKLAND MAN IN POLAND HELPING NEEDY RUSSIANS

The Oakland Y. M. C. A. has received a letter from H. D. Anderson, formerly connected with the city recreational department and later with the local Y. M. C. A. His letter was written in Torun, Poland, where he has recently gone to do work among the prisoners of war. He says "Poland is the only country still having camps for Russians among whom I am working. I have been in charge of the Torun area, which formerly comprised five camps, two Bolshevik prison camps, one Ukrainian internment camp, and two White Russian internment camps. These camps are repeatedly being liquidated, which is the case with this present area and I go to Posnan with headquarters in the excellent old Russian town of Posen."

I am learning today that the wife of one of our opera singers (interned Russian) is going to die unless she undergoes an operation which only the town specialist in the town hospital can do and he wants the quite impossible sum of 6000 marks for his services—more than the entire camp possesses, and so when I find my emergency fund can take care of it at today's exchange rate, \$170, I am overwhelmed at the helplessness of gratitude in which he assures me he will teach his children to know and respect America and America's work through the Y. M. C. A. for them."

Anderson is assisted in his work by his wife who was formerly in the Y. W. C. A. work in San Jose and Los Angeles. They were married in the United States and lived in Europe. Mr. and Mrs. Anderson were among thirty secretaries who left this summer for work in and among the Russian people.

Chaplain For County Infirmary Advocated

Endorsement of the proposed appointment and maintenance of a permanent chaplain for the county infirmary at San Leandro and Arroyo Sanitarium at Livermore by the Ministerial Union was given last night at a meeting of the Alameda County Hospital Association.

Under the plan the appointee would take care of the patients in both institutions. The project will shortly be presented for action to the board of directors.

Herman Johnson was elected chairman of the Christmas committee which will provide holiday festivities for the inmates of the San Leandro and Arroyo Sanitariums. Plans to put over the large task will be formulated immediately.

Purchase of chess and checker sets for Arroyo Sanitarium and subscription to magazines for the children's departments were authorized by the meeting. A half dozen pictures will be provided for the sick nurses' quarters at San Leandro. Pictures have already been placed in tuberculosis sanatorium and library by the association. Magazines have been ordered for adults in the infirmary.

SWISS TEACHERS STRIKE

BERNE, Switzerland, Oct. 11.—The school teachers throughout the Tyrol have gone on strike, as they have not received any salary since June says a despatch from Innsbruck today.

tangible danger. There is not a chance that it will be adopted by Alameda or Berkeley. Would you bet \$50,000 of your money that it will be passed by these cities? No, because you know there is not a chance. But if you vote 'yes' on the charter, you are betting \$50,000 of the county's money against an absolute certainty."

Mrs. Lucy Barker announced today that she and her associates have started a Women's Alameda County Anti-Division League at Elmhurst. Mrs. Barker reports that the sentiment among her neighbors is strongly against the proposed charter, which they recognize as a certain precursor to county division.

Charter Debate at Unity Hall Arranged

BERKELEY, Oct. 11.—Joseph R. Knowland will present arguments against the proposed city and county consolidation charter, while Edward Vandeventer will speak for merger at a mass meeting to be held on Tuesday evening, November 1, at Unity hall.

The meeting has been arranged under the joint auspices of the Berkeley Center of the California League for Women Voters and the College Women's club. Mrs. J. E. Blochman, Miss Anne Kelsey and Mrs. Coriella, will represent the committee in charge.

CHANGE REPORTED IN MANAGEMENT OF CAMP CURRY

Foster Curry and Wallace B. Curtis Leave; Mrs. D. A. Curry in Charge.

Visitors to Camp Curry, Yosemite National Park, no longer will be greeted by Foster Curry manager of the camp, and Wallace B. Curtis, assistant manager. Both Curry and Curtis have left the camp and will no longer be connected with the management according to a statement issued by Mrs. D. A. Curry, wife of the founder of Camp Curry. Her statement follows:

"Mr. Foster Curry and Mr. Wallace B. Curtis are no longer connected with the management of the Curry Camping Company."

"Camp Curry will continue as heretofore, under the management of Mrs. D. A. Curry who has been in control since the death of her husband, David A. Curry, five years ago, and who was associated with him in the organization and management of the camp from its inception twenty three years ago."

Foster Curry states that his withdrawal from the company, together with Curtis and Superintendent William Lewis, became necessary because of the dissension among some of the minority stockholders. Curry will take three months' vacation after which he will enter the hotel business in California.

\$1,000,000 Found In Bankruptcy Probe

CHICAGO, Oct. 11.—Mrs. Edith S. Parker, wife of Harrison Parker, founder and trustee of the Co-operative Society of America, is in possession of approximately \$1,000,000 in Liberty bonds, according to testimony yesterday before a master of chancery hearing a plea for adjudication for bankruptcy of the co-operative concern.

Mrs. Parker's possession of the bonds was explained by Gustave Kopp, president of the Great Western Securities Company who stated his company was fiscal agent for the co-operative society, and Mrs. Parker was treasurer of the security company. The co-operative society of America conducts a string of grocery stores.

Mrs. Parker, he said, had the difference between the two and three million dollars taken in and the two and three thousand dollars the company now has on hand.

Parker testified he did not know Mrs. Parker's whereabouts but thought she was on her way to Chicago.

Amundsen Plans Dash To Pole in Planes

BY ASSOCIATED PRESS
SEATTLE, Oct. 11.—Captain Roald Amundsen, discoverer of the South Pole and conqueror of the Northeast Pass, will use airplanes in an effort to reach the North Pole if present plans for drifting past the top of the world prove impracticable, H. F. Hamme, his representative here, announced today.

Clew Points to Seventh Victim In Poison Trial

Possibility of Another Death Being Charged To Mrs. Southard Revealed.

By ROBERT A. DONALDSON, United Press Staff Correspondent.
TWIN FALLS, Idaho, Oct. 11.—The possibility of a seventh alleged victim being added to the list of five husbands and a brother-in-law, which Mrs. Lydia Southard, alleged "Bluebeardess," is charged with having poisoned with arsenic obtained from a druggist, was being investigated by the prosecution today.

The supposed name of the "missing victim," who is being sought by the state, is Ben Chappman, a traveling man, supposed, of Portland, Ore. Manager reports that Mrs. Southard was supposed to have left Twin Falls with the man in question early in 1920 before she married Ed. F. Meyer, who has been in the hands of the prosecution for some time, but it was not until recently that the prosecution has been able to learn his name. He is reported to have left Twin Falls early in 1920 with Mrs. Southard and to have been married somewhere either in Oregon, Montana or Canada.

He has never been heard from since and his parents are reported to have been searching for him without result since that time.

What is freely claimed to be the most damaging evidence presented against Mrs. Southard on trial on a charge of murdering her fourth husband, Edward F. Meyer, was given today by Herman Hamme, state chemist of Utah.

Hamme was recalled on cross-examination by the defense to explain the various tests which he made for arsenic on the body of Meyer.

DANCING CHAMPIONS

LONDON, Oct. 11.—Charles D'Albert, president of the Imperial Society of Dance Teachers, declares Englishmen have at last become the world's finest dancers, surpassing all American, French and Spanish competitors. He says Americans go in too much for "stunts."

AMERICAN VISITORS

LONDON, Oct. 11.—Steamship officials estimate that 150,000 visitors from Canada, the United States and South America visited Europe this year.

LAST TESTIMONY IN KABER DEATH PLOT CASE HEARD

Girl Charged With Complicity in Publisher's Death Asserts Innocence.

CLEVELAND, O., Oct. 11.—Last testimony in the case of Marian McArdle, charged with complicity in the murder of her stepfather, Daniel F. Kaber, wealthy publisher, was heard by the jury this morning and the state and defense will make their closing arguments this afternoon. Judge Homer G. Powell before whom the case is being tried, also hopes to charge the jury today and the youthful defendant may know whether she is to go free or serve a prison term before tomorrow morning.

"The most dramatic point in the case was reached last evening when Marian, in her own defense, denied that she had any part in the killing of the invalid."

"I did not plot his murder," she asserted, and her lips trembled and tears filled her eyes as she replied to question after question by the prosecution tending to show that she had guilty knowledge of the plot against Kaber.

"Of course, I heard what my mother said," she answered, "but I did not believe her."

BANDIT IS SLAIN IN LIBERTY DASH

FORT WORTH, Tex., Oct. 11.—David Bunn, confessed Negro bandit, who held up and robbed and abused a camping party at Lake Worth, near here, last week, was shot to death, early today, while trying to escape from officers on the Dallas-Fort Worth pike.

Bunn, who was saved by officers from three mobs last week, was being brought in an automobile from Dallas to Fort Worth for trial. Officers have said Bunn confessed to a large number of crimes.

S. F. Man Falls 150 Feet in Mine; Lives

GOLDFIELD, Nev., Oct. 11.—Phil Thom, San Francisco engineer, dropped 150 feet into forty feet of water in a mine shaft yesterday and escaped with only a dislocated thumb. Thom fell after his feet had become caught in a mine bucket. He picked the bucket free after he struck the water and after a struggle reached the surface, from where he was pulled to safety.

Phil Thom is a brother of C. W. Thom, chief engineer for the E. V. Rideout Transportation Company of San Francisco.

Monterey Plans Harvest Fiesta And Grand Ball

MONTEREY, Oct. 11.—Monterey peninsula is to be represented at the Monterey Auditorium Monday evening, October 17, for the Harvest Festival and grand ball.

There is a contest among the popular girls of the peninsula for queen of the event. A lively interest is being taken, there will also be twenty special prizes to be given away, of which enterprising merchants of the peninsula are the donors.

The spirit of the event will be "Boost Monterey Peninsula" and endeavor to increase community dancing and entertainment, where ladies and gentlemen are always welcome.

Woolwine Testimony Forwarded To Webb

LOS ANGELES, Oct. 11.—Transcript of the grand jury committee inquiry into the conduct of his office by Thomas Lee Woolwine, district attorney of Los Angeles county, was despatched to Attorney General Webb at San Francisco yesterday by the presiding judge here of the Superior Court.

This move was by request of the grand jury in support of its recent request that a deputy attorney general be detailed here to take charge of further action in connection with the investigation.

POLITICS NEEDS WOMEN, ASSERTS STATE CLUB HEAD

Suffrage Still On Trial Says
Speaker At Anniversary
Of Equal Franchise.

The "politics prohibited" slogan will go into the discard, so far as the League of Women Voters is concerned, according to Mrs. Frank G. Law, president of the California branch, who addressed the clubwomen of Alameda county assembled in Hayward yesterday to celebrate the tenth anniversary of the granting of equal suffrage in this State.

"It is appalling that after suffrage was granted to women they definitely refused to have anything to do with politics," she declared. "We believe in politics and in political action."

"If we send a large enough lobby to the Oakland City Council, the commissioners would vote away their souls," the speaker charged. "We need women on all State boards and commissions. The great trouble with women is that they are not self-respecting in their thoughts. They are afraid to assume responsibility," Mrs. Law continued.

Reference was made to a public man who last week declared before a woman's meeting that "woman's suffrage was still on trial."

"If that is true," the speaker challenged, "then men are still on trial long ago. They are still expending approximately 92 per cent of the Federal income on war."

Gov. William D. Stephens congratulated the Alameda county women in a wire received during the luncheon. "Woman's suffrage has justified itself in every way," the message read. "I have believed in equal suffrage and look forward to the time when women in the full understanding of their civil duty take their places side by side with the men."

Interest in Federal politics was urged by Mrs. Mary Merrill, a luncheon speaker.

Local politics was flayed by Mrs. Marie Ogborn, a member of the city council in Richmond.

"The things that are put forward in politics are so disgraceful that I cannot but be ashamed that the men were raised by women," she declared. "I'm ashamed of the council in on I could tell you violations those men are constantly making in the face of their oaths of office."

"The men politicians keep us scrapping among ourselves on little things that it may become a 'smoke screen' to their actions on the larger questions."

A tour of Hayward food industries was made by the visitors following adjournment. The Hayward Chamber of Commerce A. W. Beam president, were hosts on the automobile trip. The "Women Voters Day" was arranged by the committee on food supply and demand, California Civic League of Women Voters, Mrs. L. M. Turner, president.

U. S. DELEGATES ON DISARMAMENT ARE SUMMONED

Secretary Hughes Issues Call
For Meeting of American
Representatives.

WASHINGTON, Oct. 11.—Secretary Hughes today issued calls for the first meeting of the American representatives to the armament limitation conference tomorrow at 10 o'clock at the state department.

One month from today, the principal statement of the world gathered in Washington to discuss limiting armament and the removal of friction in the Pacific and Far East that might lead to future wars.

With the conference but four weeks away, a canvass of the situation today disclosed that with the exception of Great Britain, all of the principal powers have agreed upon the men who will be entrusted with their countries' interests in Washington next month.

TWENTY-TWO DELEGATES.

From official and unofficial announcements it appeared today that the conference proper will consist of twenty-two delegates representing the United States, Japan, Italy, France, Great Britain.

The all important American advisory commission of twelve members which will include technical, financial and business experts, is still in process of being selected, it was stated.

Elihu Root informed Secretary Hughes today that he would arrive in Washington tomorrow prepared to begin the preliminary work for the conference.

REPRESENTATIVES CHOSEN.

ROME, Oct. 11.—Senator Carlo Shanger will head the Italian delegation to the Washington conference on limitation of armaments and Far East problems, it was announced officially today. The other members of the Italian delegation will be Signor Filippo Meda, a Catholic member of the chamber of deputies, Senator Louigi Albertini, editor of the Corriere della Sera, and Signor Holandi Ricci, Italian ambassador to the United States. Premier Bonomi will not go to the United States because of domestic and international problems. The leadership of the delegation was reported to have been offered to Senator Tomito and Senator Luzatti, but both refused.

BRUSSELS, Oct. 11.—The cabinet has appointed Baron Emile de Cartier de Marchienne, ambassador to the United States, a Belgian delegate to the Washington conference.

LONDON, Oct. 11.—(By the Associated Press)—The British delegation to the Washington conference on limitation of armaments and Far Eastern questions will include a representative of India, according to British circles.

The DeWey Monument in Union Square, San Francisco.

Why let the state divide your property?

In California when a man neglects to make a Will, his estate is distributed according to the inflexible laws of the state.

These laws are intended to be fair and equitable, but it is obvious that they cannot cover special cases—and the records prove that many cases are special.

Why not regard the making of your Will in the light of a practical business transaction?

If the Bank of Italy is named as your executor, your estate will be carefully, efficiently, and economically administered.

Detroit Jewel Gas Ranges

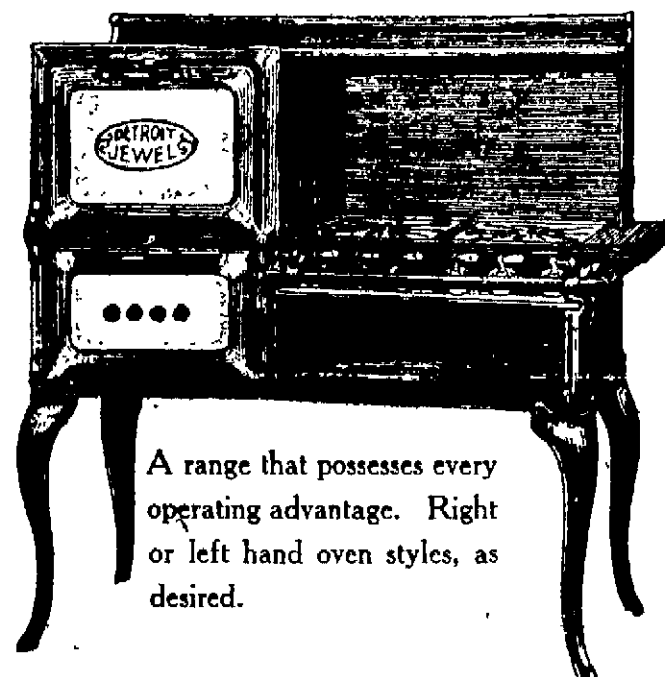

"They Bake Better"

No other gas range has the patented bake oven feature—the two-burner oven control.

On Special Sale

**Our regular \$78.50
Range for **\$69.50****

This is the special cash price now on this splendid number. You can buy it on the EASY PAY PLAN for \$73 on terms of \$7 cash and \$7 monthly.

A range that possesses every operating advantage. Right or left hand oven styles, as desired.

Before building this Detroit Jewel Special, hundreds of housewives were interviewed to find out exactly the features most desired in a gas range. This range incorporates them all. Summed up, they are as follows: "No stooping while baking or broiling." "An extra large cooking top, and white porcelain equipment to make the range beautiful and sanitary." "Handy shelves for placing cooking utensils." "A finish requiring no stove blacking." Quantity production has reduced the price of this range so it is within the means of all.

DETROIT JEWEL SPECIAL MEASUREMENTS

Floor space required 51x25½ in.
Baking oven 18x18x14 in.
Broiling oven 18x18x9 in.
Size of top plate with end shelf 28x22 in.

DIED

BRUCKSILKER—In Berkeley, Cal., Oct. 11, 1921, Frederick J. Brucksilker, husband of the late Caroline Brucksilker, and father of Henry and Charles Brucksilker of Toledo, Ohio, and of Mrs. Edward P. Glaser and Mrs. August B. Brandas of Berkeley, Cal.; a native of Germany, aged 80 years, 8 months, 18 days.

Friends and acquaintances are respectfully invited to attend the funeral from his late residence, 1224 Blake street, Berkeley, at 2:30 p. m., Thursday, Oct. 14, under the auspices of Lookout Mountain Post, G. O. P., Berkeley. Burial at the 37th Ohio Vol. Inf. Funeral arrangements under the direction of Engel & Meier, Inc., Interment, Mt. View cemetery.

GLASIER—In this city, Oct. 10, 1921, Herbert P. Glasier, beloved husband of Carrie Glasier, and father of Harold H. and Alice G. Glasier, and Mrs. Eunice Glasier Hill, all of Oakland, a native of Michigan, aged 55 years, 11 months.

Funeral strictly private. Mr. Glasier will be at the residence chapel of the Truman Undertaking Company, Telegraph ave. at 40th st., Oakland, until noon, Wednesday. Kindly omit flowers.

KLINEFELTER—In Berkeley, Oct. 11, 1921, Ellen Holt Klinefelter, beloved wife of the late Rev. William Klinefelter and mother of Rev. D. H. Klinefelter of Honolulu, H. I., Mrs. A. Wesley Meil and Miss Mary A. Klinefelter of Berkeley, Mrs. Arthur G. of Baltimore, Md., Mrs. Ralph Roder of Exeter, Mont., and the late Dr. L. E. Klinefelter of Rockford, Iowa, and Mrs. S. E. Huber of Iowa Falls, a native of New Berlin, Ohio, aged 73 years.

Friends are invited to attend the funeral services, Thursday, Oct. 13, 1921, at 1:30 o'clock p. m., at the family residence, 2905 Fulton st., Berkeley. Interment, Sunset View cemetery. Mrs. Klinefelter will be at the residence chapel of the Truman Undertaking Company, Telegraph ave. at 40th st., Oakland, until Wednesday evening.

LANTIERI—In Pittsburg, Calif., at the residence at 421 East Fourth street, Mr. Bernard Peter Lantieri, loving husband of Mrs. Anna Lantieri, brother of Mrs. C. J. Davis and Mrs. Charles A. Smith, uncle of Leslie J. and Chester B. Merrill, a native of Boiga, Italy, aged 35 years and 11 months.

Friends and acquaintances are respectfully invited to attend the funeral services, which will be held at the First Congregational church, Wednesday, October 12, at 10 a. m., thence to the California Crematorium at Piedmont, where final services will be held at 2 p. m. Member of Oakland Commandery No. 15, J. C. T. Ashmead Temple; A. O. N. M. S.; Oakland Royal Arch Masons; Antioch Chapter of Scots; Pittsburg Chapter O. B. S.

MAHLEWITZ—In this city, Oct. 9, 1921, Gust, dearly beloved husband of Cecile Markwitz and loving father of Wilhelm and Irene Markwitz, a member of Neponse Post No. 243, American Legion. A native of Germany, aged 38 years, 11 months, 17 days.

Friends and acquaintances are respectfully invited to attend funeral services, Wednesday, Oct. 12, 1921, at 11 o'clock a. m., from the chapel at the Presidio of San Francisco. Services under the auspices of Argonne Post No. 243, American Legion. Remains at the chapel of Grant D. Miller, 2372 East 14th st., corner of 24th ave., Oakland. Interment, National cemetery.

MANSHALL—In Oakland, Oct. 9, 1921, John Marshall, beloved father of Walter C. Marshall, a native of Philadelphia, Pa., aged 63 years. Friends are invited to attend the funeral services, Wednesday, Oct. 12, 1921, at 12:30 o'clock p. m., at the "Funeral Home" of Engel & Meier, 2656 Telegraph ave., at 27th st., Interment, Oakland Crematorium.

GERMAN CABINET LIKELY TO FALL IF SILESIA LOST

Belief That League of Nations Has Decided Question in Favor of Poland.

By S. D. WEYER.
International News Service Staff Correspondent.

BERLIN, Oct. 11.—"We stand or fall by undivided Upper Silesia." With this solemn pledge a dozen grave-faced German statesmen—members of the government—shook hands and then left the chancellery building early today after a conference that had lasted nearly all night.

The conference dealt with the reported decision of the League of Nations to reject Germany's claims in Upper Silesia. It was admitted by the ministers that "they could not tell whether they would still be members of the republic's cabinet 24 hours hence."

The extraordinary ministerial council came as a climax to a series of feverish underground developments revolving about the Upper Silesian situation. It had been reported from Geneva that the League of Nations decision on the rival German-Polish claims in Upper Silesia would not be handed down until Thursday, but the activity of the German government led to the belief that the decision is already known here.

EX-CONGRESSMAN DEAD.
ROCKVILLE, Conn., Oct. 11.—B. S. Henry, 85, member of Congress from 1895 to 1914, died last night.

Concord Turns Out to Welcome Farm Advisors

CONCORD, Oct. 11.—Prof. Nelson and Mr. Lovelace, leaders in farm bureau work and organization, visited Concord Center on Saturday evening. Miss Eddy, state leader in home demonstration agent work, was also present as was also Miss Helen Burling, the new appointee for the home demonstration work in Contra Costa county. A very large gathering of men and women were present and heard these leaders who spoke on live topics of interest in rural life today.

Farm Adviser Burton presented the list of projects chosen by the projects committee to the farmers present, who selected the following: Clothing, electricity, fire control, new varieties of grain, poultry housing, co-operative marketing and buying, recreation, food for the family, good roads and conservation of the underground water supply.

The meeting adjourned and a reception was tendered Leon C. Kellogg, who was the moving spirit in the movement that brought about the present beautiful clubhouse.

A very large crowd was in attendance to extend good wishes to Mr. Kellogg and his daughter, Miss Elaine, who will leave shortly for their new home near Riverside. Music and dancing followed and coffee and cakes were served.

Turk Armies Put To Rout By Greeks

ATHENS, Oct. 11.—Fifteen Turkish divisions have been broken and scattered in an eight-day battle at Afion Kara-Dissar, on the Anatolian front, said an official communication issued here today. It added that heavy losses were inflicted by the Greeks.

GRAVE SITUATION IN PHILIPPINES INFLUENCED WOOD

Army Officer Tells Why He Accepted Governor-Generalship.

PHILADELPHIA, Oct. 11.—A grave situation involving interests of 16,500,000 persons and America's reputation in the Philippine islands caused Major-General Leonard Wood to accept the governor-generalship of the islands, according to a letter just received from him. The letter was addressed to Dr. J. N. Henry, president of the General Alumni Society of the University of Pennsylvania. General Wood was to have become head of the university this fall. Referring to the mission on which he visited the east, he wrote:

"As you know, our investigation developed a situation here of such gravity that I feel I must do what I can to straighten matters out. The situation is one which involves the interests of 16,500,000 people and our own reputation in the islands. It is a call for service which I am sure you will appreciate cannot be disregarded."

CORN USED AS FUEL

LE SUER, Minn., Oct. 11.—Declaring corn at 21 cents a bushel is cheaper fuel than coal, Dr. F. A. Hodges, a resident of Le Sueur, and a farm owner, yesterday began burning corn, as a fuel to heat his residence.

NEW BRUNSWICK DRY.
FREDERICKTOWN, N. B., Oct. 11.—New Brunswick has joined the bone dry ranks, according to unofficial returns last night from an election to decide whether liquor should be imported into the province for beverage purposes. A two to one vote in favor of outlawing liquor shipments was indicated.

ACCUSED OF SMUGGLING.
LOS ANGELES, Oct. 11.—Sergeant Patrick of San Francisco, quartermaster on the steamer Venezuela, was arrested at the harbor here last night on charges of violation of the Harrison narcotic act and smuggling. According to police officers, Dr. Arden sold to them 112 bottles of morphine and cocaine shortly after the vessel arrived here from Baltimore.

Children Cry for Fletcher's

CASTORIA

The Kind You Have Always Bought has borne the signature of Chas. H. Fletcher, and has been made under his personal supervision for over 30 years. Allow no one to deceive you in this. Counterfeits, imitations and "Just-as-good" are but experiments, and endanger the health of children—Experience against Experiment. Never attempt to relieve your baby with a remedy that you would use for yourself.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Sassafras, Drops and Soothing Syrup. It contains neither Opium, Morphine nor other narcotic substance. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Comfort—The Mother's Friend.

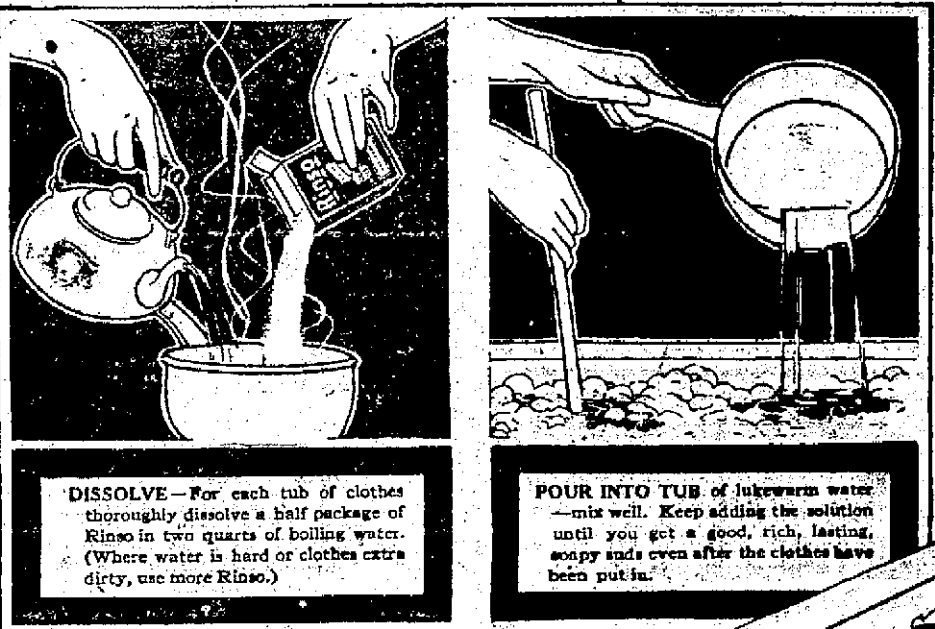

Bears the Signature of

Chas. H. Fletcher

In Use For Over 30 Years

THE CENTAUR COMPANY, NEW YORK CITY.

NOTE: To every laundress in this city. Ask the woman of the house for a package of the wonderful new product for home washing. Remember the name—Rinso.

Then let your clothes soak—and rinse without any hard rubbing—

Soak one hour—two hours—overnight—whatever time is convenient. These wonderful mild suds loosen every particle of dirt. Rinse, to remove the loosened dirt, till the water runs clear. ★

With this sensational new product you save hours of back-breaking rubbing

NO longer do you need to spend hours of back-breaking rubbing at the wash-board.

The largest soap makers in the world, after years of experimenting, have perfected a soap product that saves you the hardest work of washday.

This sensational product, Rinso, loosens all the dirt from even the heaviest pieces of the weekly wash without injury to a single fabric. You don't have to rub anything but the badly soiled spots and these only lightly.

Don't rub your youth away. Get Rinso today at your grocer's or department store. Lever Bros. Co., Cambridge, Mass.

★WASHING MACHINE OWNERS get beautifully white clothes with Rinso. Follow the regular directions given above, adding a fresh Rinso solution before operating machine. The results are wonderful.

SOLENN SERVICE ARRANGED HERE FOR YOM KIPPUR

Special Musical, Devotional Services Planned in All Jewish Congregations.

Observance of Yom Kippur, the Day of Atonement, among members of the Jewish faith, will begin this evening at sunset and continue until tomorrow evening at the same time. Services, consisting of fasting and prayer, will be held in the orthodox Jewish congregations.

The First Hebrew congregation, which worships at Temple Sinai, will observe the period with special musical and devotional services, beginning tonight with the chanting of Kol Nidre, the solemn prayer melody that has come down through the ages. Dr. Rudolph I. Coffee, rabbi of the congregation, will preach the evening sermon on the history and significance of Kol Nidre, and following the sermon there will be a special musical service.

Tomorrow morning Dr. Coffee will speak on the subject "Loving God Through Serving Men." A special service for children will be held tomorrow afternoon, and at 3 o'clock a memorial service, always a feature of the observance of Yom Kippur, will be held. Dr. Coffee's subject for the memorial sermon is "Our Dead Who Live."

Dairy Marketing Inquiry Started

ST. PAUL, Oct. 11.—First steps in a national investigation of dairy marketing were taken at a meeting here today of the farmers' dairy marketing committee of eleven with J. R. Howard, president of the American Farm Bureau Federation.

The prime object of the conference will be to work out a national marketing plan. The committee includes Fred H. Harvey, Galt, Cal., and C. L. Hawley, Salem, Ore.

GOOD things from 9 sunny climates poured into a single glass for you.

DELICIOUS and REFRESHING

FIRST MACHINE GUN REJECTED AS 'TOO DEADLY'

PARIS, Oct. 11.—A controversy as to who first invented machine guns is one of the year's after-math in France.

Lyons put forth the claim of a Mr. du Perron who, in 1775, is said to have submitted to the young King Louis XVI a military "orgue" which worked on a crank system and could fire 24 bullets "almost simultaneously and consequently could annihilate a whole regiment in a few minutes," according to a contemporary record.

The new weapon appeared to be so murderous that the king and his ministers rejected it and its inventor was held up as an enemy of humanity.

The powers hostile to France tried to secure the invention, but du Perron refused for patriotic motives and he died in poverty.

DEAD IN COUNTY FIRES TOTAL 115

Carelessness around fire and with the materials responsible for a large percentage of preventable fires has been responsible for no less than 115 deaths in Alameda county during the last six years, according to the statement of Coroner Grant D. Miller in a report issued to the public this morning asking their cooperation in making National Fire Prevention Week a success in Alameda county.

Figures compiled by Coroner Miller show that sixty-five persons have died from scalds and burns in Alameda county during the last six years, seven from electricity and forty-three from accidental gas poisoning.

Among the causes to which death by fire may be directly traced are: Carelessness with matches, allowing children to play with matches, leaky gas fixtures, and especially gas water heaters without outside vents, and faulty electric fixtures, insulation and equipment, open stoves, open hearths, allowing children too close to hearths and stoves where flames are exposed, bonfires, fire works, coal oil, gasoline, naphtha and explosives.

Figures compiled by the coroner's office showing fatalities directly traceable to fire or their contributory causes follow:

	1914	1915	1916	1917	1918	1919	1920	Total
Burns & Scalds	12	13	15	8	11	7	1	67
Electricity	2	3	3	2	1	1	1	14
Gas asphyxiation	10	3	5	7	8	0	0	33
Total	24	19	19	17	21	9	2	115

Y. M. C. A. Founder's Centennial Feted

The Oakland Y. M. C. A., as well as the Berkeley and San Francisco organizations and about 900 other branches of the association scattered throughout the world, today celebrated the centennial of the birth of Sir George Williams, founder of the Y. M. C. A.

There were several talks at the Oakland association's headquarters on the life of Williams.

Williams founded the organization at Somersham, England, when he opened a young men's working in a drygoods store in which he was an employee into a Young Men's Christian Association. The association later opened its doors to all the young men of the town. That was on June 4, 1844 and was the birth of the present Y. M. C. A.

5000 Packing Plant Workers May Strike

BY INTERNATIONAL NEWS SERVICE
LEADS WIRE TO TRIBUNE.

EAST ST. LOUIS, Ill., Oct. 11.—Employees at the plants of the big five packers here favor strike as a means of forcing their employers to rescind the "American plan" of employment recently made effective by the packing concern.

This announcement was made today by Earl V. Jimmerson, vice-president of the Butcher Workers' Union of America, following a secret strike vote taken Monday night. The ballots were sent to Chicago today. About 5000 men are employed in the packing plants here.

The Best Cough Syrup is Home-made.

Here's an easy way to save \$2, and yet have the best cough remedy you ever tried.

You've probably heard of this well-known plan of making cough syrup at home. But have you ever used it? Thousands of families, the world over, feel that they could hardly keep house without it. It's simple and cheap, but the way it takes hold of a cough will soon earn it a permanent place in your home.

Into a pint bottle, pour 2½ ounces of Pinex; then add plain granulated sugar syrup to fill up the pint. Or, if desired, use clarified molasses, honey, or corn syrup, instead of sugar syrup. Either way, it tastes good, never sickens, and gives you a full pint of better cough remedy than you could buy ready-made for three times its cost.

It is really wonderful how quickly this home-made remedy conquers a cough—usually in 24 hours or less. It seems to penetrate through every air passage, loosens a dry, hoarse or tight cough, hits the inflammation, heals the membranes, and gives almost immediate relief. Splendid for throat tickle, hoarseness, croup, bronchitis and bronchial asthma.

Pinex is a highly concentrated compound of genuine Norway pine extract, and has been used for generations for throat and chest ailments.

To avoid disappointment ask your druggist for "2½ ounces of Pinex" with directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money refunded. The Pinex Co., Ft. Wayne, Ind.

SENATE PASSES BORAH CANAL TOLL EXEMPTION BILL

Measure Now Goes To House, Where Indefinite Delay Is Expected.

WASHINGTON, Oct. 11.—The Borah bill for tolls exemption of American coastwise vessels passing through the Panama canal was passed by the Senate yesterday, 47 to 37. The measure now goes to the House, where it is expected it will be subject to indefinite delay, at least until after the conference on limitation of armament.

The Senate rejected two substitutes offered by Senator King, Democrat of Utah, to authorize the President to negotiate for arbitration of the tolls question and to appropriate \$2,000,000 as a subsidy for American vessels using the canal. Debate on the Borah proposal disclosed a split in party ranks, opponents declaring the bill was inopportune, while Senator Borah, Republican of Idaho, declared he had talked with President Harding and Secretary Hughes and they did not share such view.

HOW SENATORS VOTED.

Twelve Democrats voted for the bill while 17 Republicans voted against. Democrats who gave their support were:

Ashurst, Arizona; Broussard, Louisiana; Harrison, Mississippi; Kendrick, Wyoming; Kinsaid, Louisiana; Reed, Missouri; Robinson, Arkansas; Shields, Tennessee; Stanley, Kentucky; Underwood, Alabama; Walsh, Massachusetts, and Walsh, Montana.

Republicans voting against were: Borah, Idaho; Clegg, Colorado; Rhode Island; Dillingham, Vermont; Ernst, Kentucky; Hale, Maine; Kenyon, Iowa; Keyes, New Hampshire; Lodge, Massachusetts; McCormick, Illinois; McCumber, North Dakota; McKinley, Illinois; Nelson, Minnesota; New, Indiana; Spencer, Missouri; Sterling, South Dakota; Wadsworth, New York, and Warren, Wyoming.

Two other Republicans, Dupont of Delaware and McLean of Connecticut, were paired against the bill.

In referring to the armament conference, Senator Borah said he did not understand that this conference will involve the United States bargaining away any substantial right.

"I have talked with those most responsible for and concerned in the conference," he added. "I have had a full understanding and discussion. The fears expressed are not shared by them."

LODGE AGAINST ACTION.

Senator Lodge, Republican leader, was among those who raised the question of the armament conference. He admitted that the United States had the legal right to pass the bill, but said there were "potent reasons" against action at present, in view of the coming conference.

Senator McCormick, Republican of Illinois, expressed similar sentiments. Arbitration was urged by Senators Lodge, Sterling, Republican of South Dakota, and Borah.

Senator Ashurst, Democrat of Arizona, suggested an amendment to make the bill clear that the tolls exemption should be confined to American vessels engaged "exclusively" in coastwise trade, but did not offer it.

Senator Borah said his bill would be merely a construction of the Hay-Pauncefote treaty and would not be a disputed clause to give equal canal privileges to vessels of "all nations," with the British contending that it might authorize free tolls or even subsidies for American coastwise vessels.

WAY FOR ARBITRATION.

The last official declaration on the treaty was the Wilson bill of 1914, reviving the free tolls bill passed late in the Taft administration. Senator Borah said, adding that it was desirable that there should be a later declaration to give force to the American position in event of arbitration. His bill, he said, would open the way for Great Britain to ask arbitration, which, he added, probably would result.

The Republican platform pledges for free tolls was emphasized by Senator Borah and also Senator Willis, Republican of Ohio, who nominated President Harding at the Chicago convention. Borah said the presidential candidate had declared often for free tolls and added:

"And notwithstanding the submerging the President has not changed his mind."

Senator Ashurst, Democrat of Arizona, urged Democrats to "keep the pledge" of the Baltimore Democratic convention, which favored free tolls. Senator Pomerene, Democrat of Ohio, declared that the Borah bill would "barter away the honor of the country for a ship subsidy."

LEAPS TO DEATH.

DOVER, Eng., Oct. 11.—Edith Doebler, when fitted by an officer to whom she was engaged, bandaged her eyes with a handkerchief and leaped over Shakespeare Cliff.

**Belding, maker of fine silks,
says—"Wash silks in
LUX"**

WHISK one tablespoonful of Lux into a thick lather in half a bowlful of very hot water. Add cold water until lukewarm. Dip garment up and down, pressing suds repeatedly through soiled spots.

Rinse in three lukewarm waters. Squeeze water out—do not wring. Roll in towel; when nearly dry, press with a warm iron—never a hot one.

COLORS SILKS. Have suds and rinsing water almost cool. Wash quickly to keep colors from running. Hang in the shade to dry.

MADE IN U.S.A.

HELPLESS; MEN TO WEAR N'S TROUSERS

TLE, Oct. 11.—While the by women of masculine d trousers "may perhaps it to some criticism from ic or aesthetic standpoint, it is said that it is pro- the law," Attorney Gen- L. Thompson has advised Hillier, town marshal of Wash.

Hillier consulted every e his pursuit of means the wearing of men's attire en in his town. Secretary J Grant Hinkle to whom tion was first put, passed tem up to L. L. French, of agriculture, on the that the women wearing

Women Voters Go To School in East

NEW HAVEN, Conn., Oct. 11.—Women voters of Connecticut will have a chance to go to school this month for a week's intensive course in citizenship. The lessons will be given in Yale University classroom and Yale professors and instructors will give the courses. This will be the first school of the kind in this state. It will open October 24 and if deemed successful similar weeks of schooling will be held from time to time. The Connecticut League of Women Voters, Miss Mabel C. Washburn, president, sponsors the innovation.

men's clothing were engaged in agricultural work. French was unable to offer a solution and the matter passed on to Thompson.

WORLD SURGEONS TO BE PRESENT AT CONFERENCE

Honors Are to Be Conferred
On Eight Americans by
Irish College.

PHILADELPHIA, Oct. 11.—In its international character this year's congress of the American College of Surgeons which opens here October 24, surpasses anything previous in the history of the college. Its two years' work to bring together the surgeons of North and South America have resulted in the attendance for the first time of a distinguished body of South Americans while the reports of the Royal College of Surgeons of Ireland have broken precedent to come from Dublin to confer fellowships on eight Americans.

Other leaders of the profession from Edinburgh, Stockholm, The Hague and Bern occupy prominent places on the four day's program. Some 2000 surgeons from the United States and Canada have enrolled for the congress.

Bestowal of the honorary fellowships by the Irish College will mark the culminating feature of the congress, falling on Friday night. The Americans receive the honor are Dr. George E. Brewer of New York, Dr. George W. Crile of Cleveland, Dr. John M. T. Finney of Baltimore, Dr. Richard H. Hurst of Philadelphia, Dr. W. Keen of Philadelphia, Dr. Charles H. Mayo and Dr. William J. Mayo of Rochester, Minn. and Dr. Robert J. Ochsner of Chicago.

The presidential address will be made by Dr. John E. Deaver of this city and Sir Harold J. Stiles of Edinburgh will bring the congress to a close with the annual fellowship address.

Other visitors from abroad on the program include Professor H. C. Jacobaeus of Stockholm, Dr. J. Schoemaker of The Hague, Professor F. de Quervain of Bern. The principal speakers at the initial general session will be Dr. W. J. Mayo of Rochester, Minn.

Papers and addresses will be largely technical. Remarkable results obtained in reconstruction surgery of the face and hand during the war and since are among subjects to be taken up. A comprehensive clinical program has been arranged.

Hospital day has been added to this year's congress as a new feature. This opens the congress on Monday. Final report on the standardization program of the American College of Surgeons, dealing with hospitals of 100 beds and more will then be made. The college's approved list of hospitals is to be announced at this time.

WOUND WON'T HEAL.
MERCED, Oct. 11. Rev. J. D. Miller, who sustained an injury to one of his feet several weeks ago, has gone to Stockton to receive electric treatment the wound having failed to respond to all other methods. He stepped on a nail, which penetrated the foot to a considerable distance, causing tumors of the cartilage to form.

PRISONERS, IN TRAIN WRECK, RESCUE MANY

LYONS, France, Oct. 11.—Handcuffed in pairs and in charge of four gendarmes, 12 French military prisoners en route for Algeria to serve sentences ranging from five to fifteen years were aboard the Strasbourg-Marseilles express when it jumped the track at Les Echets, a few miles from here. Forty passengers were killed and seventy injured.

None of the prisoners was seriously hurt, but three gendarmes were killed and the other planned under the wreckage, lay seriously wounded.

All semblance of authority and order had disappeared. The prisoners were free, but, instead of running away, they pulled the wounded gendarme out of the tangled mass of wood and iron and laid him on the grass. During the night they rescued 31 injured passengers. Then they gave themselves up.

They have since left for Algeria to serve their sentences but it is understood that the minister of war is studying the case and the opinion is expressed that, in due course of red tape they will be pardoned.

RELIEF FOR MINISTERS
IPSWICH, Eng., Oct. 11.—Dioecesan boards have decided to make an allowance to ministers whose salaries are insufficient. This plan was adopted to keep the ministers from accepting jobs at outside work.

PORT OFFICIALS MEET AT SEATTLE

SEATTLE, Oct. 11.—Delegates from every section of the United States and from many foreign countries were here today for the tenth annual convention of the American Association of Port Authorities, which opened this morning.

The program for the four days of the convention calls for discussion of every phase of the questions that confront the ports of the world. The problems of a harbor—commercial, legal, economic, engineering—have been assigned to experts, including prominent authorities of the old world as well as the new. Every leading commercial nation of the world will be represented.

In addition to the business sessions delegates will be entertained extensively—the facilities of the port of Seattle will be inspected, elaborate banquets have been planned and trips will be made to other Puget Sound, Grays Harbor, Columbia River and British Columbia ports. Immediately upon adjournment many delegates will proceed to Vancouver, B. C., where the four-day convention of Pacific Coast Port Authorities will be held.

Governor Louis F. Hart of Washington, Mayor Hugh M. Caldwell of Seattle and Dr. W. T. Christensen, chairman of the Seattle port commission, will welcome the delegates at the opening session tomorrow. Among the speakers scheduled to address the convention tomorrow are J. B. Stauss, Chicago, Harry P. Lams, mayor of Mobile, Ala., R. U. Armstrong, St. John N. B. L. A. P. Warner, secretary and general manager of the harbor board, Liverpool, England, D. J. Owen, general manager and secretary of the Belfast, Ireland harbor commission, M. H. Brondson, city engineer of Providence, R. I., H. McL. Harding, consulting engineer of the state of New York, Captain B. C. Allen, representing the port of Houston, Texas, Commander Walter H. Allen, U. S. N., Chicago, and Fred H. Fay, Boston.

TWO MUSHROOMS, FOUR FEET WIDE FOUND IN FRANCE

PARIS, Oct. 11.—Two mammoth mushrooms, enough to "smother" all the steaks available in a hind quarter of beef, have just been found in France.

Four feet in diameter and weighing between nine and ten pounds, the first one was found on an estate in Saint Germain. The species is edible and is known popularly in the district as the "death's head" mushroom.

The other, known as the "beaded puff-ball," has been picked at Bourgneuf. It weighs close to nine pounds and has a "flap" diameter of nearly 20 inches.

mission, will welcome the delegates at the opening session tomorrow. Among the speakers scheduled to address the convention tomorrow are J. B. Stauss, Chicago, Harry P. Lams, mayor of Mobile, Ala., R. U. Armstrong, St. John N. B. L. A. P. Warner, secretary and general manager of the harbor board, Liverpool, England, D. J. Owen, general manager and secretary of the Belfast, Ireland harbor commission, M. H. Brondson, city engineer of Providence, R. I., H. McL. Harding, consulting engineer of the state of New York, Captain B. C. Allen, representing the port of Houston, Texas, Commander Walter H. Allen, U. S. N., Chicago, and Fred H. Fay, Boston.

**The RECTOR SYSTEM
of GAS HEATING**

What it is—
The RECTOR SYSTEM consists of a number of radiators connected to the gas supply and to a line of vacuum piping through which the vitiated air in the radiators, after it has given up its full quota of heat through radiation, is carried off and discharged outside the building through a proper vent or flue.

What it will do—
The RECTOR SYSTEM provides heat just when and where you want it with maximum satisfaction and at minimum cost. It is economical system because your fuel consumption is limited to your actual heat requirements.

It operates as conveniently as your electric lights. You just press THE BUTTON when you want a flood of clean, healthful heat.

C. OF C. TELLS OF OAKLAND ASSETS IN ART FOLDER

New "Literature" Enumerates Claims to Attention by Eastbay.

The publicity bureau of the Chamber of Commerce today announced the publication of an elaborately illustrated folder, printed in colors, which will be sent broadcast throughout the country and serve as an effective medium for advertising the Eastbay district and its many assets and attributes. The folder lists the processes today. It was designed and its data compiled by Eugene Bowles, director of the chamber's publicity bureau.

The folder is printed in blue, orange and brown. The cover is a striking design of blue, bearing the words "Oakland, California," in outstanding letters. The view from the top of the folder shows the following descriptive article on Oakland is incorporated in the folder:

"Oakland is the third largest city in California, with a population of 225,000. The county seat of Alameda county, the richest county in the state, it is situated on the northern side of San Francisco bay and is the chief of the seven main land cities, all of which community of 240,000 population.

RAIL FACILITIES.

"Nature has slashed great valleys into the mountains leading to the sea through Oakland. Three transcontinental railroads, traversing these valleys over six routes from north, south and east, have their mainline here. The map published herewith shows this advantageous situation, which has made the Oakland section the manufacturing center of California.

"Nearly 20,000 different articles are produced. The industrial population is more than 60,000. Among the leading manufactures are: automobiles, trucks, tractors, steel ships, cotton textiles, Mazda lamps, airplanes, griddles and other gas engines, canned fruits and vegetables (Oakland canneries produce one-third of the Pacific Coast pack), iron and steel, copra products, cereal products, building materials, dyes and chemicals, candy and furniture.

"This diversity tends to make the city 'panic-proof'. In the depression of 1921 Oakland was one of only two Pacific Coast cities showing increased retail trade.

"It is never too hot or too cold. The average temperature is 57 degrees—and scientists say 58 is ideal. In industries, such as the steel mills, wide crescent in walls of steel, the oft-quoted poem concluding with the lines: 'Not far along lies Arcady.'

HAY'S RHAPSODY.

"The late John Hay, secretary of state under Roosevelt, looked upon Oakland from its highest vantage point. 'The beauty spot of the world,' Joaquin Miller, poet of the Sierras, was inspired to write of Oakland as 'rose-land, sun-land, land of wide crescent in walls of steel,' the oft-quoted poem concluding with the lines: 'Not far along lies Arcady.'

"The Oakland Chamber of Commerce invites inquiries from those interested in Oakland. All will be answered with accurate information."

"The back of the folder is a topographical map, showing Oakland's location in the middle of the Pacific Coast line and graphically depicting the manner in which the great interior valleys lead into Oakland. This map also shows at a glance the six railroad routes terminating here and the steamship lanes from this city to the north, the Orient, Australia and the Atlantic Coast.

Invention, Dropped By Edison, Revived

NEW YORK, Oct. 11.—Engineers interested in the removal from city streets have considered perfecting a machine built forty years ago by Thomas A. Edison, but left in an experimental stage because the inventor turned his work into other fields.

This machine, drawn by a horse, devoured the flakes and disgorged them in icy blocks, which could be cut one-tenth the space of the fallen snow and made removal easy. In a letter from Edison, recently read at a forum on "snow removal," the inventor expressed belief that a competent engineer could readily figure out an efficient means of improving and modernizing his invention.

Women Residents of Paris Outnumber Men

PARIS, Oct. 11.—Parisian women greatly outnumber the men. There are 63,447 women in one arrondissement alone, while the number of men is only 47,418. This preponderance is especially manifest among persons between 20 and 30 years of age, where the war had made such gaps in the ranks of the men.

Big Profits Yielded France by Tobacco

PARIS, Oct. 11.—The French treasury last year profited more by the government tobacco monopoly than by the income tax. The profits from smokers reached about \$16,000,000 francs, while income tax-payers only yielded \$12,000,000.

The government tobacco monopoly yielded a profit of about \$5 per cent.

DID PAIN DISTURB YOUR SLEEP?

THE pain and torture of rheumatism can be quickly relieved by an application of Sloan's Liniment. It brings warmth, ease and comfort and lets you sleep soundly. Always have a bottle handy and apply when you feel the first twinge. It is powerful without poisoning. Do not hesitate to take the pain out of your system. THICAGO, Oct. 11.—The centennial of Sir George Williams of London, who founded the Young Men's Christian Association, is commemorated here today.

A Danger Warning —Bleeding Gums

Are your gums tender? Do they bleed when brushed? If so—watch out for Pyorrhea.

This disease of the gums, which afflicts four out of five people over forty, not only destroys the teeth, but often wrecks the health.

In Pyorrhea, the gums become spongy, then recede; the teeth decay, loosen and fall out—or must be extracted to rid the system of the infecting Pyorrhea germs which breed in pockets about them. These germs lower the body's vitality and cause many diseases.

You can keep Pyorrhea away: Visit your dentist often for tooth and gum inspection, and use Forhan's For the Gums.

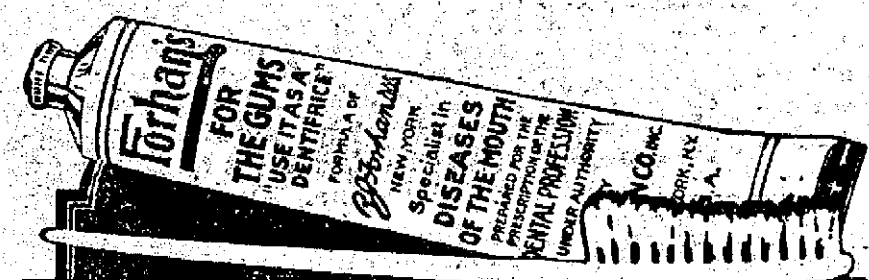

Forhan's For the Gums prevents Pyorrhea—or checks its progress, if used in time and used consistently. Ordinary dentifrices cannot do this. Forhan's keeps the gums firm and healthy—the teeth white and clean.

Brush Your Teeth With Forhan's—How to Use It
Use it twice daily, *morning and night*. Wet your brush in cold water, place a half-inch of the refreshing, healing paste on it, then brush your teeth *up and down*. Use a rolling motion to clean the crevices. Brush the grinding and back surfaces of the teeth. Massage your gums with your Forhan-coated brush—gently at first until the gums harden, then more vigorously. If the gums are very tender, massage with the finger, instead of the brush. If gum shrinkage has already set in, use Forhan's according to directions, and consult a dentist immediately for special treatment.

35c and 60c. All druggists.

Happy
and **Well**

You Should Be the Same

A LARGE number of women's ailments are not surgical ones. Serious displacements or radical changes have not yet taken place.

A tiny part in a fine clock may become loose and cause the clock to gain or lose. If not attended to in time, the part may fall from its place and cause serious trouble. So it is with women's ailments, they start from simple causes; but if allowed to continue, produce serious conditions.

When the warning symptoms are first noted, take Lydia E. Pinkham's Vegetable Compound to relieve the present trouble—some ailment, and to prevent the development of serious trouble.

North Troy, N. Y.—“When I was a young girl I had a severe female trouble. Mother gave me Lydia E. Pinkham's Vegetable Compound and after taking several bottles I was strong and well. When my daughter got married she was feeling miserable and I recommended my medicine. She is greatly improved in health and has a beautiful baby boy four months old. So you see this letter comes from the third generation and you may use it as you wish.”—Mrs. L. M. GREENAWAY, 657 4th Ave., North Troy, N. Y.

Hutchinson, Kan.—“I was about 13 years old when I developed a female weakness. My mother took me to a doctor and I doctored for several months. I was too sick to do anything, was as thin as could be, and my complexion was yellow. Mother had used Lydia E. Pinkham's Vegetable Compound and it had helped her so much that she got some for me and before I had finished the second bottle I was feeling fine and have been ever since.”—Mrs. J. A. STEVENS, 716 E. 9th St., Hutchinson, Kansas.

Many such letters prove the virtue of

Lydia E. Pinkham's
Vegetable Compound

LYDIA E. PINKHAM MEDICINE CO. LYNN, MASS.

SOCIETY

MISS DOUGLAS WHITEHEAD, who has returned from New York and is visiting relatives in the Eastbay.—Boye portrait.

Trinity Episcopal church will be the scene of the marriage of Miss Marguerite Reynolds of Victoria, British Columbia, and Clifford McElrath, son of Mrs. Elsie Alden McElrath, of this city, Saturday afternoon, October 15, relatives and friends to witness the nuptial service.

McElrath will take his bride to Mexico where he is to be manager of a large rancho. Mr. and Mrs. Warren P. Meyers—the latter a sister of the benedict-elect—have come from New York and Chicago to be guests at the wedding. They have made their home in the east for the past few years since the former has left the service.

Mrs. Walter Radtke, who was Miss Mary Eccleston, will give a formal tea at her home in Richmond Boulevard Thursday in honor of two recent brides—Mrs. Arthur Ahlgren (Hazel, Thoms) and Mrs. Frank Frank M. Slesley, Jr., who has come from the east with his bride to make home.

Friday afternoon Mrs. George Payne of Berkeley will give an informal afternoon for Mrs. Ahlgren, a score to share her hospitality.

Mrs. George Allen will be hostess at an informal luncheon for a coterie of intimate friends Wednesday, choosing the Sequoyah Country club as the setting.

Word from Spain recently divulged the interesting bit of news that Mrs. Herminia Peralta Dargle was the recent guest of the Queen Dowager of Spain at her summer Palace, which is located at Miramar, San Sebastian. Queen Marie Christina, mother of the present ruler of Spain and the daughter of Archduke Charles Ferdinand of Austria, has shown a keen interest in the Californian, who is a descendant of the oldest of California families. During Mrs. Dargle's travels this summer she has met many of the representatives of foreign lands and South America. During her travels in Spain, Mrs. Dargle visited the University of Salamanca, the stairs of which are historically famous, the same that Columbus ascended when he explained to the “Sábios” or learned ones, his project of the discovery of America. While on a motoring excursion she witnessed a big bull fight.

Miss Gladys Owen, daughter of Mr. and Mrs. V. H. Owen of Lakeshore Highlands, entertained 24 of her college friends at an informal dancing party Saturday evening.

Mr. and Mrs. Stuart Richards, who came from the Orient a short time ago, will go east the last of this month. At present they are the house guests of Mrs. Richard's mother, Mrs. J. B. Baker in Alameda. Mrs. Richards was Miss Alice Baker.

CLAREMONT HOME IS DISPOSED OF.
Mrs. John L. Howard Sr. is expected to return west next week to visit her son, John L. Howard, Jr. and her daughter, Mrs. Duncan McDuffie, who are at the Hotel Fairmont since they have sold their beautiful home in Claremont.

Dr. and Mrs. Clark Burnham are on a motor trip throughout the northern part of the state and Oregon. In Crescent City they visited Mr. and Mrs. E. R. Hamilton, parents of Mrs. Burnham.

ALCA AND MARION CLUB'S DANCE.
The Alca and Marion Clubs of Alameda will be hosts at a large formal dance at the Hotel Oakland, October 21, several hundreds to attend. The personnel of the clubs in

Lakeview Club Devotes Leisure To Philanthropy

By EDNA B. KINARD.

Lakeview Club, through its philanthropic section, has been presented with a sewing room, where throughout the season the kindly deeds of the busy women will take definite and comfortable form. To the members who have associated themselves for the purpose of clothing the little ones whose souls are tried because they must go about less lovely than their playmates, and of helping the mothers of large broods in seeing that their young are sufficiently covered to assure health, Mrs. I. F. Chapman has dedicated a spacious, sunny room in her Oakland-avenue residence.

Now comes the call for equipment. There are in the city sewing machines which are standing idle, which might be used in this work of loving kindness. Care will be given them and safe housing. Donors need not notify Mrs. C. D. Collins, chairman of philanthropy, and an automobile will be sent for the loan. The sewing machines will be returned to their owners when needed in as good a condition as when borrowed. In the meantime every mother, and little children will be made the happier through the medium of the household article and the labor of the clubwomen.

Mrs. J. B. Richardson, a pioneer philanthropist of Oakland, will be the speaker at the section meeting tomorrow, which will be held at the residence of Mrs. F. L. Yewer, in Moss avenue.

Berkeley will entertain the semi-annual meeting of the California Civic League of Women Voters, which will be held on Friday, October 21. Adoption of the constitution and bylaws will be the important business to come before the session. Details of the program have not yet been worked out, although it is suggested that Mrs. John Duvalda, a recent resident in the Bay region, shall discuss a system of police-women during the day.

Miss Anna C. Jamme, will be the speaker before the Alameda County Nurses' Association, District No. 1, in the Young Woman's Christian Association tomorrow night at 8 o'clock. Miss Jamme is director of the bureau of registration of nurses, under the State Board of Health. The meeting is announced as one of importance to the members of the profession.

Mrs. J. E. Tracy has been elected president of the Pittsburg Woman's Club for the coming six months. In order that every woman may have her opportunity for leadership, the club has made a precedent of naming its officers semi-annually. Those who will be associated with Mrs. Tracy are: Vice-presidents, Mrs. David Irvin, Mrs. Ada Erickson;

treasurer, Mrs. N. Schmalholz; secretary, Mrs. A. Bernstein.

“Wanted—a Cook” is the title of a skit to be presented by the Oakland Women's Rowing Club Friday evening in Jenny Lind hall.

The skit, which will be followed by a vaudeville entertainment and dance, is under the direction of Mrs. E. A. Hollington of the Oakland recreation department.

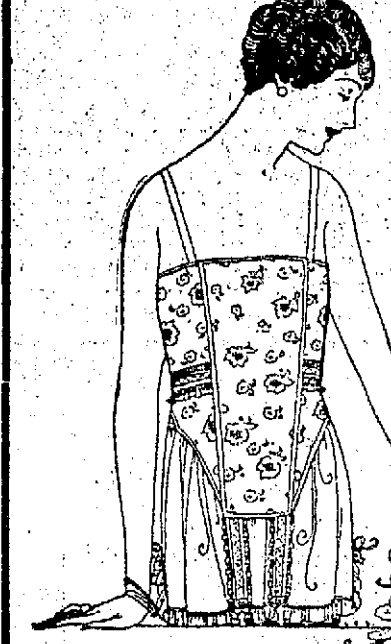

Members of the Oakland Women's Rowing Club are taking part in the race.

Restores Original Color to Gray Hair

Co-Lo restores the natural color, life and luster to gray and faded hair in a manner nature approves—a scientific process perfected by Prof. John H. Austin of Chicago, over 40 years a hair and scalp specialist.

Secrets of Co-Lo Success
Co-Lo is a wonderful liquid. Clear, odorless, greaseless. Without lead or sulphur. Without sediment. Will not wash or rub off. Will not injure hair or scalp. Pleasant and simple to apply. Cannot be detected like ordinary hair dyes. Will not cause the hair to split or break off.

Co-Lo Hair Restorer for every natural shade of hair—A8, for black and dark shades of brown; A7, for jet black hair; A6, for medium brown shades; A5, for light brown drab and auburn shades.

A detailed illustration of a hand holding a cup of Hills Bros. 'Red Can' Coffee. The cup is filled with coffee and has a label that reads 'Red Can COFFEE'. The hand is shown from the wrist up, holding the handle of the cup. The background of the advertisement is a light, textured surface with a dark border.

A black and white illustration of a hand holding a check. The check is from the Durham Duplex Racer Co., New York, and is dated May 23, 1915. The word 'DURHAM' is stamped twice on the check. The hand is shown from the side, with the thumb and index finger holding the check. The background is a simple, dark, textured area.

st Shaving "Mileage"

DURHAM AZOR blades should be bought like tires—for the "mileage" they give. Over nine million men have become enthusiastic users of the Durham-Complex Razor because its wonderful oil-tempered blades give more shaves—greater "mileage"—than any other blade! And a blade that shaves you again and again without losing its keen edge is a blade that doesn't "rasp" or "pull."

Men Take Yeast Vitamon Tablets to Clear the Skin

Build Firm Flesh, Strengthen the Nerves and Increase Energy
Easy and Economical—Results Quick

Of what use are fine features with an ugly, mottled skin, flabby flesh, sunken cheeks, pouches under the eyes, or a careworn, sickly looking face?

If you want to quickly clear your skin and complexion, put some firm, healthy flesh on your bones, increase your energy, form a power and look and feel 100 per cent better, simply try taking two of **Martin's VITAMON Tablets** each day with your meals. These tablets contain highly concentrated yeast-vitamins, as well as the two other still more important vitamins (Vitamin A and Water Soluble C) and are now being used by thousands. They positively will not upset the stomach or cause gas, but, on the contrary, are a great aid to digestion to overcome constipation and as a general conditioner of the whole system. Pimples, boils and skin eruptions seem to vanish like magic under their purifying influence, the complexion becomes fresh and clear, the cheeks glow with ruddy health, the flesh becomes firm instead of flabby, the eyes bright instead of dull. **Martin's VITAMON Tablets** are positively guaranteed to give you new health, energy and ambition and improve your appearance, whether you are young or old, or the trial costs you nothing. Make the test yourself and see. Be sure to remember the name—**Martin's VITAMON Tablets**. You can get **Martin's VITAMON Tablets** at all good druggists, such as **OWL DRUG CO.**

Clear Your Complexion

Do you frown when your mirror so glaringly reflects some facial skin blemish, and wish for a quick and easy way of clearing your skin? There's a skin beautifier—a delightfully fragrant, tinted cold cream, known as **Black and White Soap and Cream**. When used in connection with **Black and White Soap and Cream**, the results are surprising. **Black and White Soap and Cream** clears the complexion of pimples, blackheads, freckles, liver spots and lowness—makes the skin soft and smooth. **Black and White Soap and Cream** is an aid to **Black and White Soap and Cream** in perfect condition. **Black and White Soap and Cream** removes all dirt and impurities from the pores—makes the skin soft and smooth. **Black and White Soap and Cream** is sold by all good drug and department stores. Write Dept. D Plough, Memphis, Tenn. for a copy of your Birthday Book and leaflet which tells all about **Black and White Toilet Preparations**.

SAGE TEA DANDY TO DARKEN HAIR

It's Grandmother's Recipe to Bring Back Color and Lustre to Hair.

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a bottle of **Wyeth's Sage and Sulphur Compound** at any drug store. Millions of bottles of this old famous Sage Tea Recipe, improved by the addition of other ingredients, are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied. Those whose hair is turning gray or becoming faded have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful. This is the only Gray-haired, unattractive folks aren't wanted around, so get busy with **Wyeth's Sage and Sulphur Compound** tonight and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days. **Advertisement.**

SULPHUR CLEARS A PIMPLY SKIN

Apply Sulphur as Told When Your Skin Breaks Out.

Any breaking out of the skin on face, neck, arms or body is overcome quickest by applying **Mentho-Sulphur**. The pimply skin soon dries right up and goes away, declares a noted skin specialist. Nothing has ever been found to take the place of sulphur as a pimple remover. It is harmless and inexpensive. Just ask any druggist for a small jar of **Mentho-Sulphur** and use it like cold cream. **Advertisement.**

Harmless Means Of Reducing Fat

Many fat people use military means for reducing their weight. Here is an extraordinary method. Extraordinary because while perfectly harmless, no dieting or exercise are necessary. **Martin's Prescription Tablets** are made exactly in accordance with the famous **Martin's Prescription**. A reduction of two, three or four pounds a week is the rule. **Prescription Tablets** are made of two, three or four pounds a week is the rule. **Prescription Tablets** are made of two, three or four pounds a week is the rule. **Advertisement.**

BOY SCOUTS GET \$6000 FIRST DAY OF LOCAL DRIVE

Teams Get Busy in Campaign To Reach Goal of \$25,000 in Record Time.

With more than \$6000 taken in on the first day of the drive yesterday, the Boy Scout workers today launched on the second day of the campaign determined to go over the top in record time.

The first reports were given by team captains yesterday at the Hotel Oakland luncheon. The amount represented nothing from the public at large. Today the first canvassing of the city is under way, and at noon today at the hotel reports were made on the morning's work.

The Boy Scouts are seeking \$25,000 with which to operate the work during the coming year.

More than 300 Oakland business men are volunteering for the week's campaign. There are five divisions and more than a score of teams. Luncheon meetings will be held every day at Hotel Oakland at which reports will be made on the amount collected and plans outlined for the continuation of the work. The drive will end Saturday.

The campaign committee is headed by **Abe Leach**, who is also president of the Oakland council of Boy Scouts. In addition to the regular divisions and teams, there are district committees in various parts of the city which are prosecuting the drive in their own neighborhoods.

The Boy Scouts need the \$25,000 with which to make payments on their Diamond Canyon camp property and to develop the camp.

Wife Wins Divorce, Alimony, Children

Hugh Kimball of the Kimball Electrical Company was ordered yesterday to pay \$200 a month alimony to Mrs. Zella R. Kimball, who was granted an interlocutory decree of divorce and the custody of their two children by Superior Judge James Quinn. Mrs. Kimball was also given all the furnishings in the home at 119 Ricardo avenue, Piedmont. Kimball retains ownership of the home.

SKULL AND KEYS SOCIETY PLANS CLEANING TOMB

BERKELEY, Oct. 11.—Not only do the members of the rejuvenated Skull and Keys society of the University of California plan to clean up in their morals as regards public runnings in the future, but they have spent several hundred dollars in housecleaning the "tomb." The "tomb" is the meeting place of the society and with the announcement of a possible lifting of the ban placed upon the society by the university, the students have set about to repaint and repair the building. A new roof has been put on the "tomb" and the interior has been redecorated. A large number of trees have been planted in front of the structure.

The "tomb" is at present heavily mortgaged, but the members have succeeded in raising sufficient money to pay off about half of the obligation.

No definite course of action has been announced for the future of the society, although it has been suggested by interested faculty members that the student members should set a standard of "good conduct" on the campus.

BAG OF FLOUR AIDS WOMAN IN FIGHTING FIRE

BERKELEY, Oct. 11.—A bag of flour proved an effective means of fighting a fire yesterday at the home of Mrs. A. F. Hurd, 1333 Spruce street.

Mrs. Hurd was using an electric waxy, and took a bottle of gasoline into the laundry. An explosion followed. As the handiest weapon, Mrs. Hurd seized a bag of flour which she threw on the blaze. The fire was not extinguished, however, until the washer had been destroyed and the laundry damaged to the extent of \$200.

Mrs. Hurd narrowly escaped serious burns.

Emergency Tariff Extension Favored

BY ASSOCIATED PRESS
WASHINGTON, Oct. 11.—The emergency tariff, instead of expiring November 27 would remain in force until February 1, under a bill favorably reported today by the House ways and means committee. The life of the duty embargo would be extended as well as the rates carried in the emergency act.

CROWD GATHERS AT CHURCH TO GET FESTIVAL CROWN

Police Called Upon To Take Hand in Dispute Over Paraphernalia.

A riot call was sent into the central police station when a crowd of more than 500 parishioners of the Portuguese Catholic church at East Ninth street and Twenty-third avenue gathered in front of the building and discussed whether they should take by force a certain crown which is used in the Holy Ghost festival.

Neighbors telephoned for the police. Captain J. F. Lynch and a squad of men responded to the call. The crowd was forced to leave the church ground and go home.

According to the police, Stephen Texeira was elected head of the association for the next festival. He did not meet with the approval of the warring faction which brought suit before Justice of the Peace Herbert Wise to get possession of certain paraphernalia which is used in this ceremony. The opposing faction won the suit, but just as Texeira went to the church to return the paraphernalia as ordered, he was met by members of both sides and a riot broke out.

Father Joseph Gail, pastor of the church, declared this morning that the church was in no way involved in the controversy, although the church takes part in the celebration of the festival, the affair is planned by the Holy Ghost society, a separate organization.

He believes that the matter has been settled. Father Gail said it is a matter the society must decide itself. The church will not interfere either way.

New Mother Superior Received At Academy

ALAMOGA, Oct. 11.—Sister Mary Helena, the new Mother Superior of Notre Dame Academy on Chestnut street, was received by the Alumnae association yesterday afternoon at the business section meeting of the Alumnae, and the following officers were elected: Miss Margaret Rich, president; Miss Elizabeth Boyter, first vice-president; Miss Mary Rohan, second vice-president; Miss Veronica Wheary, third vice-president; Miss Anne Macdonalds, recording secretary; Miss May Hickey, financial secretary; the Mother Superior of the convent, treasurer; directors, Mrs. James Upp, Clara Garcia, Katherine Goggin, Miriam Mendelsohn, Mrs. A. D. Derby, Mrs. Melie Gorman and Miss Laloune Carew.

BUILDING TORN DOWN

BERKELEY, Oct. 11.—After George Stoddard, Berkeley plumber, had torn down a building erected by him at Berkeley way and Shattuck avenue, charge of violating fire laws was dismissed this morning by Judge Robert Edgar. Stoddard was found guilty of erecting a wooden building in a fire zone which prohibited all but concrete or brick structures.

3 Days Left to See "Anatol" With World's Greatest Cast And Harold Lloyd at Franklin

WALLACE REID, as handsome Anatol, whose life was just one pretty girl after another—and Gloria Swanson, as his wife

After tonight there remain only three days in which to see "The Affairs of Anatol"—Cecil B. DeMille's marvelous cinema masterpiece—same bill with Harold Lloyd's "I Do" at the beautiful New Franklin theatre. **Advertisement.**

Amazon Swings On Playmates; Lands in Jail

SAN JOSE, Oct. 11.—A fist encounter between two women, growing out of a rooming house quarrel, yesterday led to the local police court when Miss R. Cavali and Mrs. G. Vaughn were haled there on a charge of vagrancy.

Explanations given to the officers consisted of "Because," when inquiries were made as to the reason for the conflict.

Besides facing the vagrancy charge, Miss Cavali faces a second charge of battery, preferred against her by Josephine Fitzgerald, who swore to a complaint before Police Judge Thomas B. Dougherty. Miss Fitzgerald contends that she was badly beaten by the imprisoned woman "for no reason at all."

The two women entered pleas of not guilty which taken into court and their trials were set for Thursday morning at 10 o'clock. Their bail was set at \$100 apiece and both failed to obtain that amount. They were not represented by counsel.

Pennsylvania Tea Rivals China Plant

READING, Pa., Oct. 11.—It is not generally known that Pennsylvania has a tea crop indigenous to the Blue Mountain region near here and which largely supplants the use of the oriental tea in several counties of this section. The crop is now being gathered and tons of the tea are being picked and dried for winter use.

The soil where this little known product grows is rocky, but there is plenty of moisture. The plant closely resembles Chinese tea. The leaves are long and slender and of a deep green color. The beverage, prepared from the dried leaves in the same manner that ordinary tea is brewed, is said to be mildly stimulating and rich in medicinal properties.

PIMPLY? WELL, DON'T BE

People Notice It. Drive Them Off With Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, bowels and liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's no sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with a "dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result. Take one or two nightly for a week. See how much better you feel and look. 15c and 30c.—Advertisement

SIX MEN, SIX WOMEN ON JURY

Taking of testimony was begun today in the trial of the six alleged criminal syndicalists before Superior Judge George Samuels. The selection of the jury was completed late yesterday. It is composed of six men and six women.

539 Twelfth Street, Corner of Clay St., Oakland

Are You a Tired City Worker?

The pursuit of success is such an absorbing occupation that many men and women don't take the time to consider their physical welfare until something happens, but often that something happens too late.

What such people need is at least a few years on a farm. There wide vistas of soft colors will rest the eyes aching from the glare of electric lights, farm work will restore to normal condition muscles which have almost atrophied from disease and will create a marvelous appetite for the delicious, wholesome country food which will soon restore broken health.

Don't delay. Trade your city home for a farm now. You can find farmers who wish to trade their property for a city place if you look in the Classified Columns today and tomorrow (Wednesday) under **REALTY EXCHANGED**

GOOD TEMPLARS OPEN THREE-DAY CONVENTION HERE

More Than 50 Delegates At Sixty-Second Annual State Gathering.

The sixty-second annual state convention of the International Order of Good Templars opened in Oakland Auditorium this morning, and will hold sessions tomorrow and Thursday. More than fifty delegates from throughout the state are in attendance. Charles R. Burger of Pasadena, grand chief templar, is presiding. The opening session was given over to devotion and organization. The Grand Lodge degree was conferred on a class of candidates under the direction of the grand chief templar. The grand officers reported this afternoon, and this evening the delegates will be the guests of the Oakland reception committee at a banquet in St. George's hall, Twenty-fifth and Grove streets. Mrs. Laura Olsen is chairman of the committee. Mayor Davis and Oakland city officials have been invited to attend. The morning session tomorrow will be given over to routine business. In the afternoon a meeting of the board of directors of the orphan's home will be held at 125 Market street, San Francisco. On Thursday new officers will be elected and installed. The three-day session will come to a close Thursday afternoon. Among the prominent Templars who are in attendance are: J. M. Walling, Superior judge of Nevada county, and Mrs. Clara Crowhurst of Oakland, who has the distinction of being the oldest member of the order in the state. She was initiated at Placerville, January 1, 1864.

Lectures Planned By Mills Faculty

The first in a series of lectures by members of Mills College faculty in the First Congregational Church will be given tonight when Professor Earl Garfield Linsley will speak on "Seeing Things as They Are." Other speakers in the group of 8 p. m. addresses will be Dr. Aurelia Henry Reinhardt, president; Dr. Agnes Claypool Moody; Professor McMillin; and Mrs. Linsley. The subject of the lecture is "Resolved, That the United States take the lead in the reduction of armaments by mutual agreement." The lecture will be given in the auditorium of the church, 1250 Broadway, at 8 p. m. The subject of the lecture is "Resolved, That the United States take the lead in the reduction of armaments by mutual agreement." The lecture will be given in the auditorium of the church, 1250 Broadway, at 8 p. m.

Funds Are Sought To Aid Home For Girls

A drive for funds to carry forward the project of the Frances E. Willard Home for Girls in Industry in West Oakland will be launched by the Alameda County Woman's Christian Temperance Union Thursday. The solicitation will continue through Saturday. Large corps of women are being recruited to the workers who will be stationed in stores and at homes. The West Oakland home offers accommodations to young women who are living away from home on small salaries at a near-cost basis. Although the quarters are limited to 15 at the present time, it is proposed as soon as possible to increase the household to 50. Twenty-five dollars a month will be the average charge for room and board to a young woman who will be afforded full home privileges and laundry facilities. The home will be open to girls temporarily out of work or funds.

Pittsburg Sailors On Long Overdue Ship

PITTSBURG, Oct. 11.—Much anxiety is felt here over the report that the steamer Santa Clara, one of the Alaska Packers' Association vessels, is nearly one month overdue from Karluk. Many Pittsburg fishermen were at Karluk this season and as the Santa Clara was supposed to be the last ship to leave the northern point there is good cause for the feeling of unrest among the relatives and friends of the belated fishermen. There is one ray of hope, however, in the thought that the boat's delay may be due to a desire on the part of the crew to take advantage of the sudden appearance of a large run of fish, which has occurred in past years as the boats were about to start for home.

SUES FOR DAMAGES

TURLOCK, Oct. 11.—Suit has been filed by E. T. Theobald, surviving partner of the Turlock Garden Land company, against the Turlock Irrigation district for \$12,000 damages alleged to be the result of overflow drainage water on lands of plaintiff. He alleges that the water was drained onto his lands by artificial ditches constructed by the district.

California Leaders of Good Templars

Which opened its sixty-second annual convention in Oakland this morning. They are (from left to right, upper row), JUDGE J. M. WALLING of Nevada City, a past grand chief templar; MRS. LAURA OLSEN, Oakland, superintendent of juvenile work; CHARLES R. BURGER, grand chief templar, of Pasadena, and JAMES B. M. JENSEN, Oakland, electoral superintendent. In the lower row are JOHN R. BERGSTROM, Oakland, grand treasurer, and past grand chief templar, W. J. HULL of Santa Monica, and A. C. BONTA of Oakland.

OAKLAND MAN INJURED WHEN AUTOS SMASH

SAN JOSE, Oct. 11.—C. M. Strum of Oakland is in the Petrie sanitarium at Mountain View today, suffering from internal injuries as the result of an accident on the state highway near that town, last night, while W. Kennedy, driving a second, became confused in their signals at Butte's corners and as a result their machines crashed head on. Both cars were wrecked and Strum was injured when thrown with great force against the steering wheel of his car. He was rushed to the Petrie sanitarium, where it was stated that his condition is not believed to be serious. Kennedy was thrown from his car, which was half way overturned, but escaped injury. A second account of a minor nature was reported from Santa Clara yesterday when a Peninsular Rapid Transit Company bus driven by Al Ramon crashed into a delivery wagon owned by the Temple Laundry here and driven by H. M. Reiland. The collision took place at the corner of Franklin and Alviso streets just as the auto stage was making a curve.

Wife Jails Mate On Two Charges, Seeks Divorce

MARTINEZ, Oct. 11.—Harry Hansen, boiler-maker of Selby, is probably soliloquizing today that "it never rains but it pours." In jail facing charges of battery and grand larceny preferred by his wife, Gertrude Hansen, Selby hotel-keeper, Hansen today was made defendant in a divorce suit in which the wife charges him with habitual intemperance and cruelty. The couple married in Stockton in April, 1920, and separated, the wife says, on August 18 last. Hansen, without cause, accused her of unfaithfulness, the wife declares, and has struck her and called her vile names. On October 1, she alleges, Hansen visited her and demanded that she give him money. A refusal, she says, was followed by her being beaten and Hansen grabbing her purse, which contained in excess of \$30. It was after this alleged incident that Mrs. Hansen caused her husband's arrest.

Barzee Prepares Defense On School Board Charges

Cited to appear before the Board of Education tonight to answer to charges that he has violated rulings of that body and the Civil Service Board, Business Manager Lloyd Barzee of the Oakland school department, with less than twenty-four hours in which to prepare his defense, was busy today framing a denial to allegations of "deliberate and wilful disregard of his duties." These charges were hurled at the business manager last night at a meeting of the Board of Education and were the cause for a lively word fight, many of the members asserting that it was an injustice. Barzee is charged with making appointments, promotions and transfers without authority from either the Board of Education or the Civil Service Board. Barzee refused to comment last night before the board, taking the stand that the charges were sudden and needed study for an answer. "There is no doubt," he said today, "that certain temporary appointments, made to fill gaps, have been continued too long, but as there are many employees who would hesitate to say just who they were. The head of any organization is vulnerable somewhere, especially when he is in public life, but I think a school superintendent is no exception. I am sure that the case of the Civil Service Board would show that there has been no dissatisfaction on their part with my actions." "Deliberate and wilful disregard of his duties," as charged against Barzee on ten counts. A long review of Barzee's whole career as business manager, insofar as the employment of help is concerned, was read by Attorney H. S. Craig as compiled by Efficiency Expert Norval Cook, who has been investigating the matter for weeks. The charges, which on August 13, 1917, the school board turned over to the Civil Service Board, and yet it is alleged that Barzee hired a chief clerk, employees without consulting both bodies, and sometimes without consulting either. The original motion was made by Commissioner Edwards, who demanded that Barzee appear tonight with his answer in writing. Director George Hatch suggested that Barzee be given until Monday. He was voted down. "I can't stand by and see an injustice like this," said Superintendent of Schools Fred M. Hunter. "Giving a man 24 hours to answer charges which have taken six weeks to mass together is absolutely a rank injustice. It is not fair to ask a man to answer for his official life in twenty-four hours." "There is nothing square about this," said Director Chandler. "In some cases it will have to go back four years, to the 1917 records," explained Barzee. "In fairness to our committee," retorted Commissioner Edwards, "referred Commissioner Edwards, referred to the Public Education Advisory committee. I move Barzee answer by 4:30 tomorrow." "To answer each and every charge?" asked Barzee. "Let me vote on it," said President Harry Boyle, and Barzee was given the short period to make his answer. Those who voted to give him 24 hours were Boyle, Edwards, Campbell and Ormsby. Directors Short, Hatch and Chandler were against it. NOT RIGHT, SAYS SHORT. "It is not right," said Director Short. "They have given him only 24 hours to answer statements which the committee took six weeks to work up." The trouble started when Attorney Craig arose on behalf of the public education advisory committee and announced that a survey of the non-pedagogical positions in the school department was now complete, and the committee, which is headed by L. B. Sagon, approved of it. Craig then alleged that Barzee, as business manager, had done the following things without the approval or sanction of the governing board: 1.—Made appointments to office. 2.—Created positions. 3.—Increased salaries. 4.—Made promotions. 5.—Made transfers. 6.—Granted leaves of absence. 7.—Extended vacation periods. 8.—Made appointments while the civil service board had an eligible list covering the same jobs. 9.—Issued pay warrants to persons thus irregularly employed. 10.—Failed to report transfers

'THE KILLER,' BY STEWART WHITE, SUNDAY FEATURE

Gripping Western Story To Be Printed Complete During Next Week.

"The Killer," most gripping of all the powerful western stories of Stewart White, will feature the Magazine section of THE TRIBUNE next Sunday. "The Killer" the author has created a story that will endure as literature long after the great mass of western fiction has been forgotten. He combines the charm of true knowledge of the west of Arizona in the 'twenties with characters and situations that would make a classic if laid anywhere. The man with the wildest eyes who makes war on all the ranges is one of his most virile creations. Stewart White, whose home is on San Francisco bay, has a long list of successes to his credit, some of which have been produced in his own person. He has written "Clam Jumpers," 1901; "The Westerners," 1901; "The Forest," 1903; "Arizona Nights," 1907; "Gold," 1913; "The Red-Headed Boy," 1915; "The Gray Dawn," 1915; "The Lone Wolf," 1916; "The Forty Niners," 1918. "The Killer," of novel size, will be published in full during the next week, each day after the Sunday installment.

Man Suffering From Burns Grows Violent

Suffering as the result of extensive surface burns, L. R. Shaffer, chemist, in the employ of the General Chemical Co., of Nichols, Contra Costa county, last night locked himself in his room at the Oakland Central Hospital and began breaking up the furniture. The police were called and watched Shaffer by climbing through a third-story window and after a hard fight overpowered him. Shaffer was severely burned last Tuesday with acid that spilled upon him, the burns covering his face, neck and chest. He was taken to the Emergency hospital where he was strapped and confined. As soon as the burns have healed a little the poison in his system will disappear and he will be able to see doctors again. His complete recovery is assured and is but a matter of time.

Tideland Sold For 'Song' Worth Thousands Now

MARTINEZ, Oct. 11.—Sale of property bordering the waterfront years ago by the state to an individual, virtually "for a song," which today is worth many thousands of dollars, is recalled in a quiet title suit filed in Superior Court today by Wickham Havens against the State of California. The land to which Havens desires to have his ownership established, embraces 82 acres of tideland extending from the holdings of the Giant Power Company at Giant to near San Pablo slough, outside Richmond. Sale of the land by the state at a public auction in San Francisco in March, 1873, is related in the suit. The entire tract was bought by Henry Cruz for a sum less than \$15. Today it is worth many thousands of dollars. The property under the state survey was divided into forty lots and the great majority of these were purchased by Cruz for a few cents a lot. Havens declares that Cruz sold the land to the property. He desires the court to clean up the title to the property which he purchased from Cruz years ago.

Deputy's Car Breaks Down, Taxi Escapes

The breakdown of an official automobile ended chase for a taxi driver who had collided with another machine, according to a report made to Barnett by Deputy Sheriff Joseph Soares. According to the report the taxi and a machine driven by M. R. Hanson, 934 Thirty-ninth avenue, crashed near Alvarado. Hanson telephoned to Barnett's office and Soares speeded for the scene of the wreck, as he arrived several of the concerned entered another machine and fled. The chase was continued until the breakdown of the county car forced an abandonment of the pursuit.

Business Girls' Club Planning Benefit

The Business Girls' City Club will give a benefit theater party at the Fulton early in November. Miss Nell Conkley will be its business manager. The club will meet on the second and fourth Tuesdays of each month, the next program to be presented on October 25. Miss Florence Crawford addressed the "Sunday afternoon informal" at the "Y" at which the club was hostess. Music was rendered by Miss Grace Buckingham and Miss Lucille Graham.

Construction of New Sidewalks Started

ALVARADO, Oct. 11.—Preliminary work has been started this week by the committee in charge of replacing Alvarado's old wooden sidewalks with concrete walks and by the end of the week it is expected that most of the old sidewalk will have been torn up. Gravel will be placed on the sidewalk and next spring when a concrete coating will be laid. Money for the building of the new sidewalks has been obtained by entertainments given recently.

Modern Building Will Be Erected

BERKELEY, Oct. 11.—A modern seven-story building will be erected on the old site of the Delta Knaps Epsilon house, Durant and Telegraph avenues, according to the announcement yesterday of F. J. Woodward, owner of the property. The building will cost \$55,000, according to Woodward, and construction will begin in several days. The fraternity, which was ordered to abandon its chapter house following an intervention of the city, recently traded its property for the Woodward home at Piedmont avenue and Bancroft way.

Women Course Half Of Fires, Says Chief

BERKELEY, Oct. 11.—Careless housewives cause one-half of Berkeley's fires each year, declared Assistant Fire Chief George Haggerty, in addressing the Ashby Community Club last night. Haggerty said that fires caused by women were the most common. He said that many of the fires were caused by carelessness in the kitchen. He said that many of the fires were caused by carelessness in the kitchen. He said that many of the fires were caused by carelessness in the kitchen.

Mother Sacrifices Self To Save Babe From Death

SAN JOSE, Oct. 11.—Her bravery in saving the life of her 8-year-old child from possible death beneath the wheels of an automobile here last night cost Mrs. Hazel Shannon of 128 Singley street a compound fracture of the right leg and other injuries of a less serious nature. She is resting easily today at O'Connor's sanitarium. Mrs. Shannon and her boy had just stopped from a street car at the corner of Hester street and The Alameda when an automobile driven by C. B. Newman of 462 South Second street loomed ahead of her. The driver of the car, attempting to avoid hitting another machine, became confused and headed straight for the Shannon child, who was several feet ahead of his mother. Seeing the danger her boy was in, Mrs. Shannon leaped forward, picked him up bodily and threw him to safety. By so doing she was halted long enough to be struck by the machine, which passed over her right leg.

PROCLAMATION IS ISSUED BY DAVIE HOLD-UP MEN ARE FOILED BY WOMAN

A proclamation calling for the observance of Columbus Day and pointing out that this is the 429th anniversary of the discovery of America was made today by Mayor Davies. To the people of Oakland: Wednesday, October 12, is being officially observed in our city as Columbus Day. This is the 429th anniversary of the day on which our country was discovered. With the passing of years the name of Columbus takes on a greater degree of importance as this wonderful country continues to develop and advance. Christopher Columbus was the pioneer, and in his hazardous undertaking he little realized that the land which he discovered was destined to become the greatest of the world's nations. Columbus Day is being observed throughout the nation, and our Italian citizens have planned a fitting program for the day. As mayor of this city I am glad to call the attention of all our people to this anniversary, knowing that they will realize and co-operate as fully as possible in the observance of Columbus Day.

Clubwoman Backed For S. F. Supervisor

SAN FRANCISCO, Oct. 11.—The demand for the election of Miss Margaret May Morgan, clubwoman, as supervisor in San Francisco, marked the tenth anniversary of the granting of woman suffrage in California, celebration at the St. Francis yesterday. A luncheon was given under the auspices of the San Francisco center, California Civic League of Women Voters, Mrs. Parker Maddux president. Mrs. Gertrude Atherton, Miss Miriam Michelson, Mrs. William Kent, Rev. C. S. Sutton and Joseph Thompson were among the speakers. All urged Miss Morgan for the supervisory office. A proposed amendment to the constitution of the United States, removing all inequalities on account of sex or marriage, was presented by Mrs. Kent. If you see it in THE TRIBUNE tell them so.

Probation Asked On Theft Confession

FAIRFIELD, Oct. 11.—Neil McAniff, Herbert Hill and Patrick Johnson of Rio Vista have been arraigned on an information charging them with the crime of burglary and each entered a plea of guilty. The trial admitted the charges in court stating that they were drunk at the time of the commission of the act and did not know how serious their act was. Each defendant asked for probation which motion was granted by the probation officer with instructions to report on the 24th of this month.

Psycho-Analysis To Direct Business Men

An address by Miss Eugenia Rabas, psycho-analyst, of Piedmont, will be the feature of tomorrow's luncheon of the Mutual Business Club at the Hotel Oakland. Miss Rabas will speak on "How to Read Men," after which she will devote twenty minutes to individual readings. The Mutual Business Club has reached a membership of over 100. It was announced today, the increase amounting to about ten members per month during the past ten weeks. A bowling team has also been organized to represent the club at bowling tournaments.

Many Visitors Come To Warm Springs

WARM SPRINGS, Oct. 11.—Many visitors have been at the homes of Warm Springs residents during the past few days. M. Alves and daughters have been visiting Mrs. M. Azarado for several days. Alves lives at Half Moon Bay. Mrs. H. Allard was visited over the Sunday holiday by her daughter, Miss Florence Allard, and by Arthur Piarson, and Miss Violet Spencer, all of San Francisco. L. Guinchard and daughters and Mr. and Mrs. Martin Ernst of Campbell were visitors at several Warm Springs homes. Miss Mary Haviland and her sister, Mrs. Smith, of South Dakota, are enjoying a reunion. Mrs. Smith and her daughter arriving here this week. Charles Breitwieser has returned home after a visit in San Francisco. The station of the Western Pacific is being painted and repaired by a crew of men. The Southern Pacific Company recently had its station here repainted.

Y. M. C. A. DRIVE IN RICHMOND TO START TUESDAY

Richmond Club Plans Observance of Music Week; Program Arranged.

RICHMOND, Oct. 11.—Preparations for the maintenance canvass of the Y. M. C. A. are under way, and the real work of the canvass will be started on next Tuesday morning.

At a meeting yesterday, which was held at the Elks' Club, captains for the various teams were appointed. C. D. Brooks, manager of the Standard Oil plant, is general chairman of the canvass, with City Attorney D. J. Hall and Attorney Hiram D. Jacobs as his aides.

The canvass has been divided into two sections known as the "Live Wires" and the "Go-Getters," with A. C. Harris at the head of the "Live Wires" and Charles Fenwick at the head of the "Go-Getters."

Captains of the "Live Wires" are George B. Fredenburg, W. T. Helms, Lud Johnson, Fred Lamone and Mrs. Clara Wilson. Captains of the "Go-Getters" are Roy Beatty, James T. Garbert, Mrs. H. A. Silver, I. A. Rubin and Larkin Younce. Each captain will select his own team of workers.

MUSIC WEEK PLANNED
Arrangements for the participation of Richmond in the music week which is being observed in all of the bay cities during the week October 30 to November 6, were made at the meeting of the Richmond Club, which met at the clubhouse yesterday afternoon.

Mrs. H. A. Silver, who is chairman of the music section of the club, introduced the subject and was endorsed by a 100 per cent vote of the members. Arrangements for a musical program of local talent to be given some time during music week are in the hands of a committee headed by Mrs. Silver.

At the meeting yesterday afternoon a literary program, consisting of a reading of the Book of St. John, was held as the first part of the program and the second part of the program consisted of a surprise party for the two-week-old son of Mrs. Tsai Calfee, who is one of the most valued members of the club.

LODGE HAS ANNIVERSARY
Harmony Court, Order of the Amaranth, celebrated its fourth birthday yesterday evening with a program and a banquet. The program of the evening was preceded by a regular business meeting of the organization.

Numbers on the program were: Piano solo, Miss Margaret Peterson, vocal solo, Miss Lois Wood, vocal solo, Mrs. Butler, vocal solo, Miss Thomas, piano solo, Miss Margaret Peterson.

Following the musical program all those present joined in playing "proverbs," first prize being won by Mrs. E. J. Jones, second by Mrs. T. N. Barrett and third by Mrs. Spencer.

A number of visitors from other lodges were present and joined in the festivities of the lodge. A birthday cake was served at the conclusion of the program and the games the feature of the evening being the cutting of the large birthday cake that had been provided for the occasion.

Those in charge of arrangements for the evening included Mrs. C. H. Jones, Mrs. C. E. Royston and Mrs. Sanderson.

HALLOWEEN DANCE
Fraternal Brotherhood will have a Halloween dance at Musicians' hall on Monday evening, according to plans made at the meeting yesterday evening. Many novel features have been arranged for the evening appropriate to the Halloween season.

Many "trick" prizes have been obtained for the regular weekly whist party of the Brotherhood, which will be held at the home of Mrs. Ella Osborne, 518 Macdonald avenue, on Thursday evening.

Immediately preceding the regular business session of the Brotherhood yesterday evening the juvenile lodge held a meeting and took two new members into the order. As an entertaining feature "Pipes of Pan" was danced by Little Eunice Henley. At the conclusion of the two meetings last night a supper was served and the usual social time was indulged in.

STREET CONTRACT AWARDED
After the award of several letters from property-owners on Second street, who stated that in their estimation the bids offered for the improvement were as low as could be made under the present circumstances the contract for the paving work was awarded to the F. W. Bilger Company.

After the receipt of petitions for the improvement of Lincoln avenue, between Twenty-third and Twenty-ninth streets, and Macdonald avenue, between the two same streets, had been presented to the Council, the city engineer was ordered to prepare plans for the work. Oil macadam has been requested.

The matter of taking care of open drains at street crossings, introduced by Councilman Lane, was referred to the city manager and the city engineer for their attention.

On report of Assistant Engineer Hoffman, stating that he had found the work on the improvement of Hall avenue in first-class condition, the work was accepted by the Council.

W. O. W. TO MEET
Arrangements for the entertainment of the Alameda county executive committee, which will visit the local camp on Saturday evening, were made at the meeting of Los Cabin Camp, Woodmen of the World, yesterday evening.

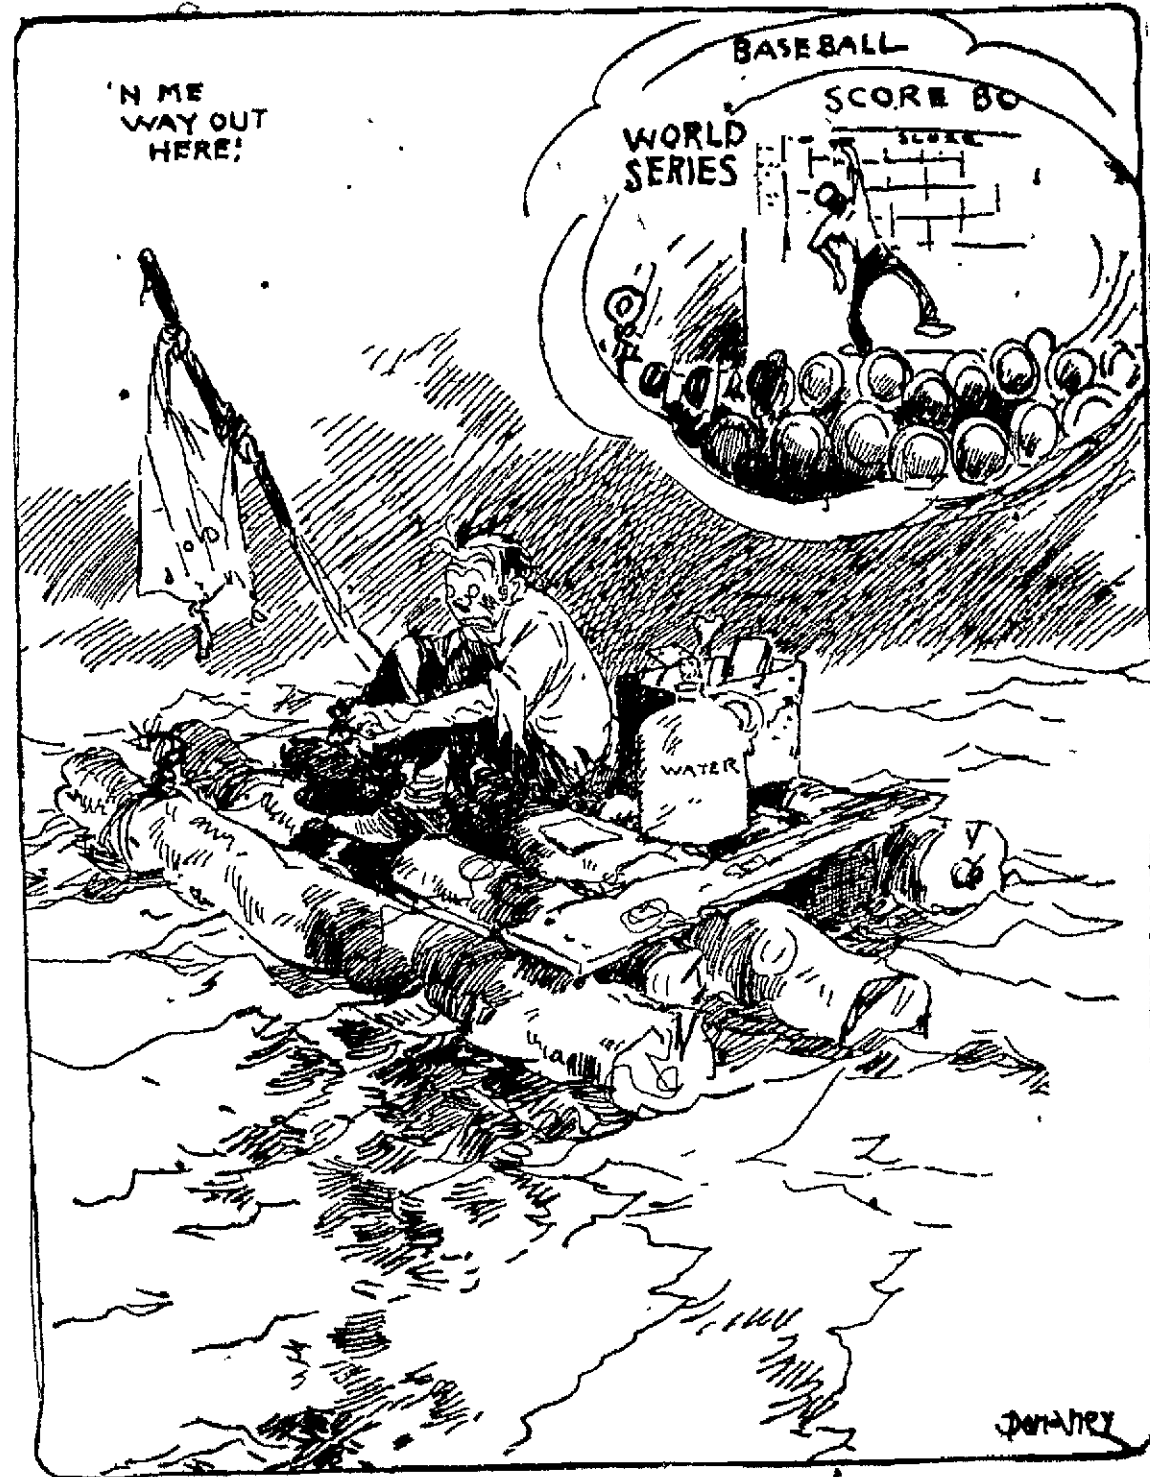

The committee in charge of plans and arrangements for the evening are: J. Zank, H. B. Hollenbaugh, J. F. Black, C. L. Theiss and W. J. Black.

L. Theiss was elected as captain of the drill team of the camp.

It was announced at the meeting that the Alameda county executive committee, with which the local camp is affiliated, will give a theater party at the Fulton theater in Oakland October 28.

Wouldn't This Be Awful!

By Donahey

Autopsy Shows Pittsburg Man Died of Broken Neck

PITTSBURG, Oct. 11.—Details of the untimely death of Barney P. Lanteri, former mayor of Pittsburg, in Montezuma slough Sunday evening, now in the hands of the coroner, show that Lanteri was not drowned as at first believed, but was dead of a broken neck before he was dragged into the slough.

Lanteri was killed by being swept from the cabin of his speed launch by a ferry cable which had been left suspended above the water.

In company with William Whittlieb Lanteri had been out since early Sunday morning in quest of ducks. They had started home, and both men were sitting on top of the cabin, plucking birds. Whittlieb had just descended to the deck of the boat to attend to the engine when the cable was reached, five feet above the water. Lanteri, the launch, owned by Lanteri, was a speedy craft, equipped with a 50-horsepower engine. Whittlieb says they were traveling at the rate of 20 miles an hour when the accident occurred. Darkness prevented them from seeing the danger into which they were rushing.

There was a jumbling sound faintly heard above the noise of the propeller. Lanteri had disappeared, and he was not seen again until three hours later when his body was recovered from the bottom of the slough by Charles Scudero and a party of citizens who rushed to the scene in response to the report of the accident.

In the meantime Whittlieb had reported the accident to Warren Dutton, who resides near the ferry crossing and who accompanied Whittlieb to Pittsburg with the sad news.

It was shown by an autopsy held Monday morning that Lanteri's neck had been broken by the cable, and that his life had been lost before his body struck the water.

The death of Barney Lanteri is a severe blow to Pittsburg where he had resided for the past twelve years and become dear to the hearts of all who knew him. He had built up a profitable shipbuilding plant and was planning extensive development for larger business next year. He had served the city as mayor and was one of its most progressive and upright citizens.

He is survived by a widow, Mrs. Anna Lanteri, one sister, Mrs. C. J. Davis of San Francisco, and a half brother, Charles A. Smith.

Funeral services will be held Wednesday under the auspices of the Masonic lodge, in which order he deceased had risen to the topmost ranks. The body will be cremated in Oakland.

Yesterday afternoon's card party of the Hill and Valley Club of Hayward has been announced today, by officials of the club, as a "splendid start toward the club house fund."

The affair was held at the home of Mrs. R. A. Abraham, in Cherryland, in the neighborhood of twenty-five tables, completed in whist, bridge and five hundred.

A report of the afternoon and of the progress made so far by the committee of the club engaged in erecting a town hall on the property will be rendered at the next regular meeting of the organization in the Old Fellows' hall, here, Monday afternoon, October 17th.

WILLS OF WIFE, HUSBAND FILED AT SAME TIME

Two wills, the last testaments of John Sharp and Anna Campbell Sharp, were filed for probate in the Superior Court at the same time today by Aaron Turner, attorney for their estates.

The will of Mrs. Sharp was found among the treasured effects of her husband—it had never been filed for probate because it left all her rights in their community property to her husband. His will was found with that of his wife. It bequeathes their estate, valued at \$10,000, to a daughter, Mrs. Lydia Barnard, named administratrix, and a son, Peter Sharp of Massachusetts. Several grandchildren are also named.

A class initiation will be the principal feature of the gathering at Cypress camp of Woodmen here this evening, according to Secretary J. E. Welsh.

The initiation will be followed by the usual reception banquet to the new members. A report of the secretary states that the membership drive is progressing favorably and

Barbecue, Dance And Bull Fight Fiesta Features

ALVARADO, Oct. 11.—Citizens of Alvarado are anticipating eagerly the barbecue and dance to be given in the Riverside Hotel Park here Sunday, October 23.

While the barbecue and dancing will attract many, the bull fight with Manuel Mendez, heralded as a torador from Spain, occupies the center of the spotlight of public interest.

Mendez says the fight will be a real one and the Mexican residents of this vicinity are planning on making the event a grand fiesta.

Athletic events are slated to occupy a major part of the program and it has been announced that those who wish to enter must register early.

A rodeo with riders from Alvarado and vicinity and from Livermore valley will be another of the big features of the day.

Editor May Get Vacant Vallejo Postmastership

VALLEJO, Oct. 11.—Acting on the request of the Postoffice Department, Congressman C. F. Curry has submitted the name of N. A. Hawkins, publisher of the Vallejo Evening News for the position of acting postmaster of Vallejo, according to word received here late yesterday afternoon. The despatches from Washington, D. C., also state that the Postoffice Department, on the report and recommendation of postoffice inspectors, has asked Postmaster W. Walker to tender his resignation to become effective on the 20th inst.

Prunes Paid For Half Cash, Half Note

SAN JOSE, Oct. 11.—First payment on the 1921 crop of prunes and apricots is being made to the grower members of the California Prune and Apricot Growers' association by 50 per cent cash and 50 per cent by note, according to an announcement issued today by Secretary Harry C. Dunlap.

The notes are dated for 90 days. In notifying the growers of the method of payment, Dunlap issued the following statement:

"In accordance with the terms of our contracts first payment on the 1921 crop is being computed as follows:

"10 cents per lb. on 20-30s
"4-cent basis on 32 to 100 point inclusive
"2 cents per lb. on 100 to 120
"1 1/2 cents per lb. on 120 and up

Woodland Granted A Terminal Gate

WOODLAND, Oct. 11.—Business interests are working hard to bring down the cost of labor and lumber and building materials generally in the hope to stimulate building in Woodland district, where homebuilders and workers are being turned away daily because of lack of housing facilities.

The first notice of a drop came from the lumber merchants yesterday when the Southern Pacific company granted the application of 111 Matthews to have Woodland given terminal freight rate on lumber. It means a drop in the cost of lumber here of \$1.17 per 1000 feet.

Accident Leads To Second, Two Men Injured

PATTERSON, Oct. 11.—J. R. Anderson is in Emanuel hospital, Turlock, in a critical condition, following an operation, and L. E. Hansen, local merchant, is under the care of a physician, suffering from dangerous burns caused by a gasoline explosion.

Anderson, while working in his stable, fell and struck his left side on the edge of a board. Saturday morning, when he was rushed to the hospital, where it was discovered that he was dangerously hurt. An immediate operation was performed to save his life.

His daughter, Agnes, and his nephew Herman Anderson, arrived here from their homes in Berkeley and Oakland and Sunday, wishing to see the father, arranged to borrow Hansen's car. Hansen entered his garage to prepare the machine for the trip lighted a match, the flame of which came in contact with some loose gasoline, causing a larger quantity to explode. He was burned about the face, neck and arms.

HELD TO ANSWER
MODESTO, Oct. 11.—Leo Thompson, arrested in Merced on a charge of forging the name of N. A. Hawkins, local attorney, to a check for \$64, has been held to answer in the Superior court of this county with bonds fixed at \$1000. In default of bail he is held in jail. Thompson is a young man and a comparative stranger here. Hawkins states that a number of checks were stolen from his office.

Editor May Get Vacant Vallejo Postmastership

VALLEJO, Oct. 11.—Acting on the request of the Postoffice Department, Congressman C. F. Curry has submitted the name of N. A. Hawkins, publisher of the Vallejo Evening News for the position of acting postmaster of Vallejo, according to word received here late yesterday afternoon. The despatches from Washington, D. C., also state that the Postoffice Department, on the report and recommendation of postoffice inspectors, has asked Postmaster W. WAGE SCALE AT NAVY YARD WILL NOT BE CHANGED

Department Sends Reply To Congressman Curry's Protest.

VALLEJO, Oct. 11.—A copy of a letter received by Congressman C. F. Curry from the Navy Department early this month which stated that the powers-that-be in Washington, D. C., will not make any changes in the present wage schedule in Navy Yards, has been received here. The letter follows:

"Replying to your personal and written protest to the navy yard wage scale, will say that the Department has had the wage question considered with great care utilizing three and one-half months to do it. Boards were convened at all navy yards and stations, and in addition the Department has a central board composed of Captain J. K. Robinson, U. S. Curtis, chief clerk of the navy department, and A. J. Berres of the American Federation of Labor representing labor. This board received all of the reports from the yard boards, went into the matter at all angles and brought in an unanimous report which has been adopted.

"The Department has made earnest endeavor to be fair to the men and to discharge its obligations to the government. It is believed that, insofar as it was possible, this has been done. The Department cannot, therefore, accede to your request not to make any exception in the application of the schedule."

Accident Leads To Second, Two Men Injured

PATTERSON, Oct. 11.—J. R. Anderson is in Emanuel hospital, Turlock, in a critical condition, following an operation, and L. E. Hansen, local merchant, is under the care of a physician, suffering from dangerous burns caused by a gasoline explosion.

KEEP POLITICS OUT OF POLICE WORK: VOLLMER

Chief Should Not Be Changed With Each Administration, He Says.

The practice of replacing a chief of police every time a new administration is elected will cause an almost complete disruption of a department according to August Vollmer, who spoke yesterday before the Oakland Board of Police Commissioners at the Hotel Oakland.

Vollmer declared that the efficiency of a department is hampered if the office of chief of police is a political football.

Oakland's police chiefs for the past fifteen years have been made and unmade before they had a chance to become familiar with the office. Vollmer said:

"No police organization can be molded into a solid body. He declared while the head of the organization is being constantly changed. Discord within the ranks grows with every change so that it is not a united, harmonious police organization but a disrupted and ungoverned body which is ill-equipped to cope with the activities of criminals."

PUBLIC BATHS TO KEEP HOBOES OUT PROPOSED IN L. A.

LOS ANGELES, Oct. 11.—A drastic move to curb the influx of hoboos was proposed here today.

"I favor the installation of a public bath house," asserted City Health Officer Fowler, "and that all our hoboos should be required to bathe before being admitted to 'bath or blow'."

"I am sure that most of them would 'blow'."

Rally and Feast Planned By Scouts

BERKELEY, Oct. 11.—Boy Scouts of Berkeley will gather at 6 o'clock next Friday evening at the eucalyptus grove on the university campus for a big outdoor rally featuring supper cooked over a bonfire and stunts of various kind.

Following the feast there will be a big campfire for which every tented foot among the scouts is expected to furnish wood. The program will include talks by George Keneloff, executive of the Piedmont Scouts, "Bill" Stinger of the Oakland Y. M. C. A., Robert Sproul, vice-president of the Berkeley Scout Council, Chief of Police August Vollmer, Walter Christie, trainer of the university track team, Coach Andy Smith, of the varsity football team, and others. "Randy" Van Nostrand will lead in songs and vells.

FORTY JAILLED IN VICE RAID

Two score men and women are in custody as a result of a series of spectacular vice raids conducted early today under the direct supervision of Police Commissioner C. A. DeGos.

Spec. I investigators employed by DeGos have been gathering evidence for several days. Residence districts as well as Chinatown were invaded by police squads.

If you see it in The TRIBUNE tell them so.

Art Novelties To Feature Recital At Berkeley Club

MRS. VERNON SMITH, pupil of Yvette Guilbert, who will appear in program tomorrow evening.

Town and Gown Members Will Present Program Tomorrow Night.

BERKELEY, Oct. 11.—Novelty in art will be introduced tomorrow evening at Town and Gown club-house at a joint recital to be given by Mrs. Carol Eberts and Mrs. Vernon Smith, prominent in art and social circles about the bay.

Mrs. Eberts, who appeared last season with August Anglin and achieved much success in New York, will read "Enter Madame," a delightful comedy. Contomine' numbers, a new name for recitative select sets to music will be the offering of Mrs. Vernon Smith, whose art has been heightened as a student of the late David Bismuth and Yvette Guilbert. Mrs. Smith will appear in Chinese costume.

Mrs. Eberts and Mrs. Smith were prominent in the Berkeley Theater of Allied Arts. Their accompanist tomorrow night will be Mrs. James G. Berryhill Jr. Acting as patrons and patronesses are President and Mrs. David P. Barrows and Mrs. A. O. Leuschner.

Mrs. Clinton Day and Mrs. Oscar T. Barber, Mrs. James G. Berryhill Jr. and Mrs. Sumner Evingham, Martin G. Flaherty, Mr. and Mrs. John Galen Howard and Mrs. Walter Morris Hart, Mr. and Mrs. John Howell, Dr. and Mrs. Horace Henderson and Mrs. William F. Ingram, Mr. and Mrs. Herman Kusl, Mr. and Mrs. George Richardson, Mrs. Elwyn Stebbins, Mrs. George Stone, Mr. and Mrs. Charles von Neumayer and Mrs. Clinton Walker and Mrs. Samuel Welch.

MERCED MAN BURIED

MERCED, Oct. 11.—The funeral of A. C. Stuber, who died in Tucson, Arizona, will be held in Oakland. A committee from the local Pyramid of Scouts will attend. Deceased formerly lived here and was well known and highly respected. He was a member of the Merced Scouts.

COUNTY ENGINEER NOT TO BE OUT OF JOB BY NEW RULE

Contra Costa Engineers To Be County Surveyors; To Complete Highways.

MARTINEZ, Oct. 11.—Under a decision rendered by the State Supreme Court declaring the county engineer appointed by the legislature in 1919 unconstitutional, County Engineer B. Arnold, along with more than 100 other county engineers in the state is today without a job as far as the engineer's office is concerned.

But Arnold and the county also is protected, although the office is held unconstitutional on Arnold's services will not be lost since he has never resigned as county surveyor, a position he held up to his appointment as engineer by the board of supervisors.

In its decision the court held that a board of supervisors has no authority to create the office of county engineer. Still, it is not provided in the 1919 act. The measure was passed by the assembly of Sonoma county and its provisions have been put into effect by a vote that a score of counties.

District Attorney A. B. Tinning asserted that a provision of the act in which the decision was made null and voidly has been passed. Tellingly, he said that Arnold's services would not be lost to the county.

Engineer Arnold has received \$8000 and as surveyor he got \$3250. According to Tinning, if the act is finally determined to be unconstitutional, Arnold's salary in excess of the amount paid engineers as surveyors must be returned.

Regardless of the final outcome it will stick by the post and finish out the highway program," Arnold declared today.

Arnold insured Contra Costa's highway building and a considerable profit in what has been accomplished.

HOW TO DARKEN GRAY HAIR

A Cincinnati Barber Tells How to Make a Remedy for Gray Hair.

A well-known resident of Cincinnati, Ohio, who has been a barber for more than forty years, recently made the following statement:

"Anyone can prepare a simple mixture at home, at very little cost, that will darken gray hair and make it soft and glossy. To a half-pint of water add 1 ounce bay rum, a small box of Barbo Compound and 4-ounce glycerine. These ingredients can be bought at any drug store at very little cost. Apply to the hair twice a week, until the desired shade is obtained. This will make a gray-haired person look twenty years younger. It is easy to use, does not color the most delicate scalp, is not sticky or greasy and does not rub off."

Stupendous Millinery Sale

Fred W. Hogg again demonstrates that low rents and big buying power make big savings in millinery

New Fall Hats

6.66

FOR \$12.50, \$15, \$18.50 Values

Tomorrow begins a 4-day Millinery Sale of such stupendous values that they excel even those that Fred W. Hogg has offered before. Hundreds of Fall Hats are on sale at a price that is half and less than half their regular values. Beautiful blacks and colors in velvets, duitynets and other smart fabrics are used. We cannot exaggerate these values. They are wonderful, even for this store where low rents and big buying power make big values the every-day rule.

SALE FOR 4 DAYS ONLY

Our San Francisco Store is at 833 Market Street—Upstairs

Hundreds of new Fall Hats are low priced at Fred W. Hogg's low rent store.

Let Fred W. Hogg save you money on your Millinery

RAIL RATES AND UNEMPLOYMENT.

The national unemployment conference at Washington is to give careful consideration to the request of Secretary of Commerce Hoover that the railroads of the country be urged to effect a reduction of traffic rates. Undoubtedly the conference will give this question serious thought. What its decision will be cannot be foretold, but the best guess is that the railroads will be charged with the responsibility for reducing rates.

Mr. Hoover holds that the business depression cannot be relieved permanently until railroad rates are brought down from their prevailing high level. The rail operators in their turn insist they cannot possibly reduce rates unless there is first a reduction in the wages of railroad employees. The organized workers on their part say further reduction in wages is not necessary to rate reductions.

As to the controversy between the railroad managers and the labor leaders it is not possible to judge all its merits. But it is to be observed that present rates were fixed to sustain a higher wage rate than now prevailing, under the political administration of the roads by Mr. McAdoo and his successors when a considerably larger force of workers was employed than at present. Furthermore, some 350,000 freight cars are now idle largely because rail rates are so high that the movement of traffic is curtailed. On the other hand, the cost of labor is a tremendous item in the cost of rail operation and indisputably bears a very close relation to traffic rates.

But this controversy between the workers and the railroad managers is another problem. The problem for the unemployment conference is to bring about a reduction of rates. That will stimulate industry and business. Prevailing rates are too high. They are strangling business and industry. They should be reduced at once. There is a large volume of potential traffic in the country that cannot bear present rates.

It is up to the railroads and the Interstate Commerce Commission to reduce the rates. The labor problem is one for the railroads, the workers and the federal railway labor board to adjust. If rates are reduced first the prospect of an amicable adjustment will be much brighter than if an attempt is made to reduce wages first.

The railroads have been complaining of their hardships ever since government control was terminated. Those hardships have been severe indeed. It has been difficult to overcome and escape them and the end is not yet. But they have been eliminated to a very large extent. There has been a reduction in wages, the elimination of unnecessary workers taken on by the amiable, vote-seeking federal officials, and a large reduction in the cost of equipment and supplies. There has also been many millions of dollars advanced from the federal treasury to help out financially distressed roads.

It is natural that the railroads should rejoice at reduction of operating expenses and that they should moan and protest against reduction of traffic rates. But the morning can be carried too far, so far that it will exhaust public patience and provoke government action. If the railroad operators are wise they will try to effect rate reductions without undue delay and attempts to pass the responsibility to some other quarter.

A GOOD CAUSE.

Oakland Council of the Boy Scouts opened today a campaign to raise \$25,000 for the use of the Boy Scouts' organization during the next twelve months. The "drive" will last throughout this week.

"Men of Today, Back the Men of Tomorrow." That is the slogan of the campaign. It is a good one. It is expressive of the spirit which should move every man who lets his mind dwell on the boys of today and the question of what sort of men they will be tomorrow.

Men of today know the character, the scope and the purpose of the Boy Scouts' organization.

It is training boys to be good citizens. There can be no higher purpose. The workers in this effort to obtain the support of the men of Oakland to the extent of \$25,000 should meet a ready and generous response.

CLEANING UP NORTH DAKOTA.

That the people of North Dakota are thoroughly impressed with the necessity of ousting the Non-Partisan League State government which has brought bankruptcy and incompetency to the State administration is attested by the fact that 74,000 names have been approved by the Secretary of State on petitions demanding a special recall election against Governor Lynn J. Frazier and other State officials. The recall forces claim to have over 6,000 additional names to file if necessary. An election is to be held this month.

These eighty thousand petitioners are a large proportion of the total vote of North Dakota. The recall law required that the petitioners be signed by a number of electors equivalent to thirty percent of the vote cast for governor at the last election, or 66,000. Approximately forty percent of the voters actually have signed the recall petitions.

The recall forces are waging what appears to be a constructive campaign, with a sound, carefully measured purpose. They promise to give fair trial to a part of the Non-Partisan League program, which attitude has brought opposition from some hitherto strong opponents of the league, who say they are against "compromising with State Socialism." The recallers propose constitutional amendments and initiated laws that would make the limit of State bonds, which may be issued for the extension of industrial enterprises, \$7,500,000 instead of \$17,000,000; which would authorize \$2,500,000 for the completion of the Grand Forks terminal mill and elevator now under construction; the issuance of \$250,000 of bonds to wind up the affairs of the Home Builders' Association, the liquidation of the Bank of North Dakota, and the creation of a Rural Credits Bureau, which shall take over the farm loan business of that organization, and providing for a non-political State primary and election, excepting for Federal officers.

This serious non-prejudiced program accounts in part for the large number of signatures to the recall petitions. The whole movement is a necessary step to rehabilitate North Dakota from the wreck of the Non-Partisan League, Townleyism and other assaults of Socialist radicalism. It is an effort to save the State from further disaster; to restore its credit and to put State and municipal financing upon a going basis. North Dakota will long provide a useful object lesson against reckless experimentation by ignorant, uncontrolled visionaries who do not hesitate to destroy existing fabric of government before they have any tried substitutes. Non-Partisan League fallacies and the questionable conduct of officials elected to carry out its projects made North Dakota a pathetic spectacle among American States.

If such a thing should happen in Central America or in a Mexican state nothing would be thought of it. But a community of normally hard-headed white Americans, who had long been acquainted with modern ways of government and business, was the victim.

California has gone up to the fifth place among all the States in point of manufacturing output. The manufacturing industry in this State employs 270,000 persons. The capital invested is \$1,333,000,000 and the annual output is worth more than a billion dollars. California is getting along very well in all lines of activities.

FRENCH PACIFIC ISLANDS.

Paris reports that some fear is entertained that the United States may suggest the purchase of the Marquesas and the Society Islands from France and offer to knock something off the French debt in exchange for them. "An important political group demands that Premier Briand reject any such proposals."

We do not know what use the French have for these Pacific Islands, but neither do we see much use for them. The United States has for the Philippines, considering the exposure they make of American defenses. We can't let go of the Philippines and the French say they won't let go of the Marquesas. They would be of some use to America because of the relation to the Panama canal and if the United States had not been so busy being unselfish when it was preserving humanity, it might have cleaned up the situation both in the Caribbean and in the Pacific. In 1917 there would have been no protest against giving the French the European owned islands which, for American safety, ought to be in American possession. The Japanese attended to their own necessities and collected.

The American policy of protection has been sketchy rather than well aimed and purposeful. An uneasy destiny has worked, but has left loose ends everywhere. When the United States decided to buy and keep the Philippines it also acquired Guam in the center of Micronesia, but it did not make the job complete, as it could have done by taking all the 630 islands to be the bone of the flesh in the Pacific. The Caroline and Ladrone groups to be sold by Spain to Germany.

That mistake in judgment played two bad tricks. Germany could not keep them and the United States did not keep them. The French islands in the Pacific did not except them from being transferred to Japan. Each transfer was from bad to worse, so far as the United States was concerned. From Spain to Germany to Japan, a bad double play leaving Guam encircled. When the United States was satisfied with Guam and permitted the other islands to be sold to Germany, nothing much was known of the submarine. In ignorance of that development the United States allowed submarine nests to escape, and now, given to Japan, they form a complete cordon about the island which ought to be the bone of the flesh in the far Pacific and the protection of the Philippines.

That is the consequence of not cleaning up thoroughly, but inasmuch as the United States did not thoroughly know of its own purposes it did not thoroughly clean them. The French islands in the Pacific which are important to the Panama canal may do the United States no harm in French possession, even if they do the French no good. The difficulty in the far western Pacific was caused by changes in ownership. Some day there may be a sign over the Marquesas: "This place has changed hands." It would not be the United States to get possession of them before that happens.—Chicago Tribune.

NOTES and COMMENT

President Barrows' statement as to the inhibition of the production of "The Queen of Sheba" as a student enterprise is a different version from that at first given out. He says the students themselves decided that it was not a proper picture for them to produce. And he attempts the production of the idea that he "continually forced to supervise the students from lapses of good taste," which is a generous and dignified way to put it.

If some European thrones are not "kicking around," they seem to be begging. There is one in Serbia, such as it is, awaiting Young Alexander of the Karageorgovich dynasty, yet he remains in Paris, refusing to go and sit on it. This is mystifying the Parisian audiences, but it may be also illustrating the regard in which thrones have come to be held.

An interesting and heartening aftermath of the war is the restoration of the historic library of Louvain. Perhaps when civilization gets far enough away from the personal atrocities of the terrible situation, the wanton destruction of this great institution will be remembered as one of the least forgivable of the Hunnish acts that characterized a savage effort to wreck the world.

Although California had the first chance to see "Lightnin'" or the play from which that popular performance evolved, Californians are all impatient to see it since it received the stamp of emphatic approval of Broadway and other eastern centers. They will have to wait till next June, however, and then the return of the famous play and its principal may depend on whether Chicago has become sated. At the present writing there is not too good a likelihood of this.

The story about Ray Baker getting into the Nevada fight for United States Senator against Joe Pittman is not being borne out. Congressman Samuel S. Arents is the opponent, and though his name has not such a wide vogue as that of Baker, he is understood to be a considerable contestant. Nevada, by the way, is the only State that has but one member of the House of Representatives. It thus affords the singular spectacle of a State with two Senators and but one Congressman.

Prognostications were numerous that Colonel George Harvey would soon wear himself out as minister to England, because of his outspokenness and unconventional ways; but he seems to have developed into the most popular representative since John Hay. His six-year old granddaughter is a chip of the old block, for she has been taken up and made much of as a visiting notable.

That a string figures as circumstantial evidence in the Hightower trial gives verisimilitude to the refrain, "A little piece of string." In the song it had a humorous significance, but in a trial for murder it must be regarded of serious import.

There is a frequently reiterated theory that Missourians have to be shown, but they seemed to know what to do when forty convicts went on a hunger strike, throwing the food in the faces of the jailers. They looked the recalcitrants in solitary confinement, and left them to think it over. This is likely to be more effective treatment than we sometimes read of in such emergencies.

Having had plenty to say about skirts when they were getting shorter, it is but fair now for the agencies of publicity to promulgate that the Associated Dress Industries of America has decreed that skirts shall be lengthened. Whether this is a grateful new to femininity is likely to depend on certain anatomical developments.

It happened this time in Marin county, and the particulars vary in slight degree, but the result was the same—the man unaccustomed to the gun dropped it, shooting a fellow. It was not as distressing as mistaking him for the game, but the result was not radically different.

SPIRIT OF THE STATE PRESS.

Ventura school authorities are, according to the Free Press, rigidly investigating reports that a domjoh of illicit beverage was circulated among some of the high school boys at a class party last Friday night, and that some of it found its way into the punch served at the party.—San Luis Obispo Tribune.

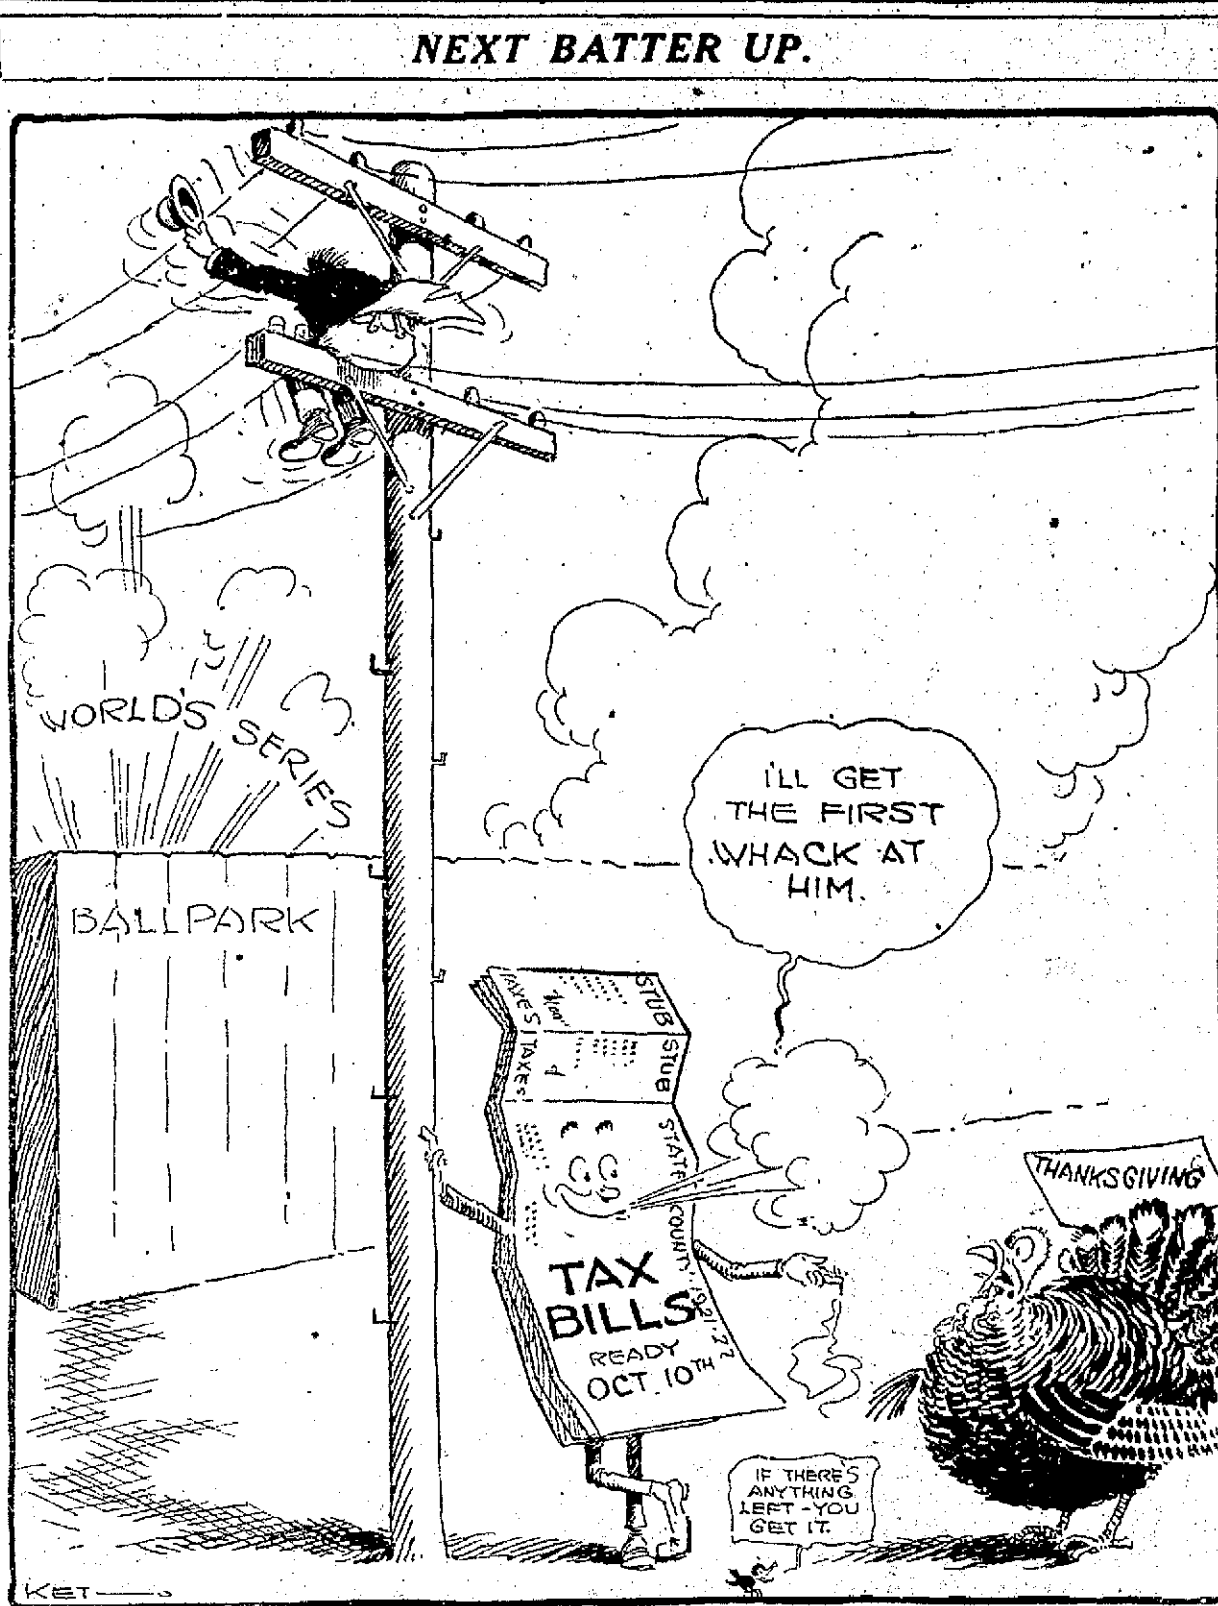

A Scotch professor says this earth is eight billion years old. Well, then, maybe the worst is over, for likely the first eight billion years would be the hardest. Just as like as not in another billion or two we may all know something.—Richmond Record Herald.

Suit has been instituted in the superior court by the district attorney of King's county against M. G. Duarte, claiming \$198.75 for work done on his property in eradicating squirrels, by order of Horticultural Commissioner Haupt.—Hanford Sentinel.

Information has been given out that the Duran Motor Company expects to have its new building erected, and the plant in operation within five months. It expects to give employment to about 800 people.—San Leandro Reporter.

The uniform of the K. K. K. suggests the stage that the un-American order has reached on this coast. Good night.—Chicago Enterprise.

Down in Redlands a checker game resulted in a fist fight which later engaged the attention of the municipal court. After having recovered from the shock of this affair, the public was all well prepared for the news that a racket game has led to a duel and that a deadly vendetta has developed from a closely contested horseshoe pitching match.—Bakersfield Californian.

JUST FOLKS. By EDGAR A. GUEST

SOMETHING JOB MISSED.
Job was patient, but Man alive!
He hadn't a wife he must teach to drive.
He never was out on a crowded street
While he shouted aloud: "For pity's sake,
Take your foot off the gas and use your brake!"
I wonder how Job would have liked to hear
The awful grind of a stripping gear?
I wonder how he would have liked to be
In a car attempting to climb a tree?
Job's book of Job wouldn't have been enriched
Had he taught his wife how the gears are switched;
He'd have had woes which but few survive
Had he tried teaching his wife to drive.
(Copyright, 1921, by Edgar A. Guest)

BAD MANNERS VS. PROVINCIALISM

A good many examples of bad manners are simply what we might call uncultivated manners. These bad manners indicate no lack of dignity, or consideration for other people. They do not indicate innate awkwardness or clumsiness. Sometimes we call this sort of thing a "provincialism," and we speak of the person who errs in this regard as being provincial or rustic. These words, however, apply only to the uncultivated manners of the rural sections. There are just as many "provincialisms" of the city. It is really a mistake to think that the country man or woman need have less cultivated manners. As a matter of fact, these uncultivated manners are nothing to be ashamed of. You may have acquired the habit in your home of tucking your napkin into your dress or waistcoat. There is nothing gross or disgusting about the practice, nor is it something that shows lack of consideration for other persons. The only thing one can say about it is it is a local custom, that it is not done by persons who have had opportunity to see the world and mix with other people.

There is another sort of bad manners that even the most cosmopolitan of people may commit. These are the bad manners that are due to lack of consideration of others. We say it is ill-bred to crowd our way into public conveyances, to upbraid our servants before other people, to assume a patronizing manner when talking with persons whom we regard as our inferiors. But there are some people whose pedigree dates back to William the Conqueror and whose education has been perfect who do these things, and there are other people who have had no advantages either of birth or training who have the instinctive good breeding of the heart that makes it impossible for them to be guilty of that kind of bad manners.

If you want to mend your manners, start in by finding out in which group of faults yours lie. Whatever the cause, remember that persistent bad manners will prove a handicap to any career, and successful manners have often carved success out of what would otherwise be a rather mediocre life.—New York Sun.

REDUCING AND PRODUCING.

The Detroit News, which asks why a producer of oil is called a reduction company, should converse with a few persons in reduced circumstances who are so situated as a result of having bought stock in companies owning numerous producing wells.—Louisville Courier-Journal.

KORITZA

"Any other country would be non-plussed to awake some fine morning with two wars on its hands; but such a predicament is but an episode in Albania's brief but stormy history," says a bulletin of the National Geographic Society concerning the skirmishes between Albanians and Greeks in northern Epirus and the reported attack of Serbians upon Albanian towns along the River Drin. "The country was created in 1912 to avert a World War, and when World War did come the troops of five countries occupied various sections of it. Germans, Austrians and Bulgarians were in control in the northern district where Serbians are now making attacks, while France and Italy held the south, including the area about Koritza, which now forms the bone of contention with Greece. Durazzo, chief Albanian port, was seized by d'Annunzio. "Perhaps history will recognize Koritza as the scene of the first direct step toward remaking the map of Europe. For there in December, 1916, was set up a government, generally referred to as the Republic of Koritza. While most of Albania was in Austrian hands this little republic, under French military protection, started to function as an Albanian republic, issued paper money, postage stamps, and established a national army with a fighting strength of 500 men.

"Before 1914 Albania was the newest country of the Old World, and it is peopled by the most ancient race of southeast Europe. Edward Gibbon called it 'a country within sight of Italy, which is less known than the interior of America.' And more than a century after that characterization, before the war helped introduce the Balkans to America, a letter addressed Albania was sent from England to the United States, and was returned from Albany, N. Y., with the notation 'Not for Albany; try Europe.'

"Few travelers visit Albania and information about the present day aspects of the country is meager."

The bulletin then quotes the firsthand impressions of Brigadier-General George P. Scriven, U. S. A., who was in Albania during the war, and wrote to the National Geographic Society as follows:

"The towns of southern Albania are few and, though strange and picturesque in appearance, are in reality poor in comfort. Of cities there are not any. Koritza, with some 20,000 people, is the largest place, but it is far from being a city. However, if the towns are somewhat mean and a little unattractive, they are interesting to the eye and have the charm of old-world quaintness. There are but four worth mentioning: Arriokastro, so old, at least in appearance, that its origin lies back into the mists of time; the pleasant village of Premati, lying in a fertile valley along the river Viosa; Koritza, held by the French; and Valona, clean and thriving under the Italian army.

"They are all pleasant places to look upon, nestling among the mountains, in the valleys, and by the sea, with their old gray walls and roofs of stone dotted with storks; but they possess none of the comforts or conveniences of modern life.

"Such matters of fact things as trains, hotels, or cafes do not exist in Albanian towns and would seem wholly out of place. Water is drawn from the wells as it was 4000 years ago, or maybe from some nearby stream. Inns are represented by the khan, a stone building, half house, half stable, where caravans and pack trains stop to rest.

"Albania belongs to a time as far back as the annals of the world can reach and is as primitive as if it were the dreager Olympic began digging into the solid earth beneath the bridge.

"The valleys are rich and well cultivated, chiefly by the women, but present a desolate, deserted appearance, except in the daylight working hours. Not a farmhouse nor a stable is to be seen amidst all the fertile acres. The crops cannot be destroyed, nor bandit would think of destroying them, and so they are left unguarded."

About YOUR HEALTH

What You Should Know About the Dread Diphtheria

By ROYAL S. COPELAND, M. D.
Commissioner of Health, New York City

Most diseases as they are now understood have been studied and named in modern times. A few have been known for hundreds of years, but knowledge of diphtheria runs away back through the ages more than eighteen hundred years. The disease was mentioned in the Babylonian Talmud, and was accurately described in the first century.

Diphtheria is a terrible disease. I do not hesitate to speak in the frankest terms of its ravages and fatalities, because it is a preventable disease. One may soften the story of inevitable and unescapable disease, but when there has been given a means of protection against its attack, we have a very different picture of the dangers of a given condition. I am glad to say this in regard to diphtheria, for no other reason than to drive you to the doctor for appropriate treatment to guard you from infection.

In New York City there are about 100,000 cases of diphtheria every year. Of those attacked, about 10,000—one in every ten—die. This is a dreadful harvest. Diphtheria used to be far more prevalent and fatal, but its present effects are still so bad that the mention of the disease makes us tremble.

Before going on with my story, let me repeat that in an earlier article which I described in an earlier article—reveals the scientific reasons, and vaccination or "immunization" affords protection against the disease.

Diphtheria is one of the most contagious of diseases. The virulence of the poison is shown by the brief course of incubation, the disease appearing two or three days after exposure.

It is all too common for those who are for patients sick with diphtheria to take the disease. Oster says: "Few diseases have proved more fatal to physicians and nurses." Diphtheria begins with chilliness, swelling of the back and legs, and fever. In very young children a convulsion may be the first sign.

It is not uncommon in any disease for a young child to have a convulsion when an older person has a chill. This is a good thing to remember, because a young mother is apt to be very much alarmed if her baby has a "chill," as it is commonly called. Really such a convulsion means no more than a chill.

In the beginning of diphtheria the throat is sore. Swallowing may be painful. Pretty soon there are patches of membrane on the tonsils and sides of the throat. On the third or fourth day the entire surface of the throat may be covered with a grayish, dirty-colored membrane. This may be thick and leathery. It clings to the tissues underneath, and if it is pulled off, a bleeding surface is left.

The temperature is not so high as in tonsillitis. This helps to distinguish between the two diseases. In diphtheria the temperature goes to about 102 degrees. The pulse is rapid, reaching 110 or 120.

In severe cases there is profound poisoning of the general system and pronounced illness of the patient. His face is pale or grayish. The breathing is disturbed and the victim gives every evidence of serious sickness.

It is very common to have paralysis as one of the complications of diphtheria. Paralysis of the throat, paralysis of the eye muscles and occasionally paralysis of the heart are met.

When a child has a sore throat with any sort of membrane, there should be an immediate laboratory examination of the discharge. Until the report is received, the child should be kept away from the rest of the family.

The employment of antitoxin has revolutionized the treatment of diphtheria. The earlier antitoxin is given the better. If delayed till the third or fourth day, it is of doubtful value.

Sprays, steam inhalations and swabbing will promote comfort. The patient must be sustained by nourishing food. The family doctor will give the essential medical care.

Improbable Story Beginnings.

Heckenvickler had been in the dock place for over three hours, but still he had not tired of the dance music.

When Landrock presented his check at the paying teller's window, the man in the cage did not count the money more than once.

Svenska objected to her boy friends spending money on her.

Roquefort had just returned from the dentist, who refused to accept the regular fee because he had inflicted so much pain upon his patient.

"No," said the insurance agent, "I was not 'just' in the neighborhood, but I came upon especially to see you."—Malvin Lane in the New York Sun.

land unfamiliar to the traveler and shunned by the tourist of today. "If the three or four centers of population in southern Albania are a little disappointing as cities, this is not true of the country or of the picturesque villages which rather like gray splashes upon the gray hills, where they appear to have nestled since the beginning of time. Rough stone huts they are for the most part, with flat stone roofs. For purposes of defense, they are usually situated half way up the lower hills, and the houses and out-buildings are often surrounded by strong stone walls.

"The valleys are rich and well cultivated, chiefly by the women, but present a desolate, deserted appearance, except in the daylight working hours. Not a farmhouse nor a stable is to be seen amidst all the fertile acres. The crops cannot be destroyed, nor bandit would think of destroying them, and so they are left unguarded."

Daily ALMANAC

by Ad. Schuster

TUESDAY, OCTOBER 11

The first steam ferry in the world was established between Hoboken and New York in 1811. Henry Heinz was born in 1844 and in 1816 Richard Kimball, founder of Kimball, Texas, was born. He was also an author, traveler and lecturer. It was in 1853 that the New York clearing house, the first in the country, was opened.

BILL PIPES SENTIMENT-ALLY.

Bill: If you can stand this I can. Nellie the waitress was pretty and shy. With her cap on her head And a wink in her eye! And so when I met her Last eve' in the park, I asked for a kiss. And got "One in the dark."

But that isn't all Of this story, I vow I'm not half so anxious To kiss Nellie now. Her husband was waiting; The moon it shone bright; I tried to escape, But got "Two in the light."

BILL BONES.

Sir: Wanda Bierwith has filed suit for divorce, alleging cruelty. Do you think prohibition is to blame?

SINN FEIN.

Ode to one who became so fussed that he forgot to find out her proper appellation: Sir! In the environs of domesticity We prefix Miss to our name (If suits our convenience), but profusely.

Just Corisande we remain. HOW TO CATCH WOOD-RATS.

We have perfected, in the seclusion of our mountain home, a little contrivance for the catching of woodrats. A pipe, affording a runway for rat from interior of house along the eaves, extends outside and hangs over a pail of water. Into this pipe we insert a cylinder of sandpaper, sand inside. Be it added that the far end of the cylinder is closed so that it resembles a deep tumbler, and that a piece

of cheese is placed near the bottom. The woodrat, smelling the cheese, enters the pipe. He also enters the cylinder and there the sandpaper amount of toxicity to carry cylinder along with rat as he persists in efforts to get the bait. By this time the rat's front legs are in the cylinder and his hind legs are beating the interior of the pipe. Cylinder, rat, sandpaper and all shoot along pipe until the end is reached and then drop into pail of water, near which we are sitting smoking a pipe. The thing is so simple and so effective we are wondering why it has not been patented before.

France, with 16,000,000 sticks of chewing gum on hand after the war, is looking for some way to get rid of them. Why not encourage an international convention of stenographers?

The Bakersfield patrol wagon will have a wireless instrument. In the future it will both dot and dash to the scene of the crime.

AND LAST, THE MISSIS. Dear Mr. S. Are ya sure that tha Squeaky Creature ya heard howling wuz a Coyote? It didn't sound that way ta me. Being very wild and Western myself, I hev heard many coyotes and it is vury certain that I shud neva dare ta listen ta wun howl at close range. If the fashion, instigated by Corisande, of paying ya a littil call becomes definitely established, I might visit ya myself. I also might say now that I do not seech a bad looking wumin, or rather wuzn't wen a trifle younger.

Yours, MISSIS HARRIS.

BRICK MULLER SAYS HE WILL NEVER PLAY FOOTBALL AGAIN

FOUR ROUNDERS ARE ALL TUNED UP FOR SHOW AT OAKLAND AUDITORIUM TOMORROW NIGHT

BRICK MULLER MAY BE OUT OF THE GAME FOR BALANCE OF SEASON

Bruins Tackle Pacific Fleet At Berkeley Next Saturday With Very Much Crippled Lineup

MULLER WILL NEVER PLAY FOOTBALL AGAIN

"Brick" Muller had his injured leg placed in a cast this morning and the cast will remain in place for three weeks. It will be several weeks later before the California star will be able to take part in athletics, which means that he is through for the season.

It is possible that the injured leg may heal in time to let Muller play in the big New Year game but if he doesn't represent the Bruins in this contest he will never play football again.

Muller announced today that he intended this to be his last season anyhow and he declared he would quit all athletics after next Spring's track schedule had been completed.

Brick is studying medicine and declares that his studies will take up all his time next season and that he positively will not play football.

By DOUG MONTELL

Oh, boy, have you heard the news? Have you heard what Bill Ingram says the Pacific fleet eleven is going to do to the California Bears next Saturday? If you haven't give a listen to this. Score on California? Yes. Score more than once? I should say so. Bent California? Surest thing you know. Can you beat that? Well, shiver my timbers, if that doesn't take the hand-painted captain. Andy Smith smiled when he talked about it, for Ingram had said it in all seriousness and unless he is a prophet or a son of a prophet who can foresee about twenty injuries to as many Californians during this week of practice we would say that the Fleet fullback is cruising in uncharted seas.

Ingram saw Nevada play California and he knows something of the strength of the Bears. Ingram went to Reno the previous week and now he is in the Pacific fleet. Ingram saw the game said that the Fleet eleven could have won by a large score had they played in the field. They are capable of it. The future Admirals have a nice football team, experienced many All American men, and have a full back in Bill Ingram and a flock of ambition. They make matters very tough for California when the two teams meet on Saturday. But that's as much as California will concede. It is too much to believe that the defenders of our country can beat the Bears. That is saying the worst of it. But the score will be no more than two possibly three touchdowns.

Bears Were Just Out of Quarterbacks Yesterday

It ever a team hit a flock of tough luck at once the w. k. Bruins are it. When Andy Smith called his boys together for their postgame last night he looked all over the field and under the bleachers for a quarterback. He found four of them and all four were hors de combat (which in modern language is equivalent to laid up for repairs). Monday morning's game between the Bruins and the Pacific fleet was a real test for the Bruins. The injuries are not serious enough to make Andy worry about next Saturday's game. But the Bears and Clint will be ready to go, but he can't afford to take a chance on a quarterback during the week. This is a serious handicap to the work of the Bruins. They have had four good quarterbacks during the week in which to develop new plays and with the brains of the Bruins and the Pacific fleet is like a ship without a rudder (apologies to the navy for the expression).

Muller May Be Out of Game for the Season

O'Brien suffering from severe pain in his right side will be excused by physicians today for apendicitis. The Bruins' quarterback complained of pains yesterday and was unable to go out for practice last night.

While Brick Muller is said to be only slightly injured according to "Curley" Cortelyou, assistant manager of the Bruins, there is a possibility of the season with a badly injured and knee. Several teams are in doubt of the season with a badly injured and knee. Several teams are in doubt of the season with a badly injured and knee. Several teams are in doubt of the season with a badly injured and knee.

Many Bruins fans aren't the whole of the Bruins team but he is the most conspicuous of its members. He is a week ago and no one took the trouble to find out what it was. Some started to get angry. The broken ankle and knee are not the truth is that he is injured. In other words with a badly injured and knee. Several teams are in doubt of the season with a badly injured and knee. Several teams are in doubt of the season with a badly injured and knee.

Full Bruin Strength Will Not Meet Fleet

There will probably be a few changes made in the California Pacific Fleet. In the first place Andy Smith will positively not play. He is injured and will not play. He is injured and will not play. He is injured and will not play.

Several of the Bruins' second string men will wear close watching for they are about on a par with the first string. Many Varsity positions and all they need is a chance to make good. Some of them will not if they show as well as they did last night. This boy Toney at guard looks to be the equal of Lee Cranner and the same can be said of the other players. A football player is there is one man who is a student of the game and a perfect Cranner appears to be in the Bruins' line. He is a player and he is a player. He is a player and he is a player.

New Men Get Chance And Look Good in Action

Andy Smith most of yesterday afternoon giving his new men a good workout. Perry, Dunne and Van Sant were working well among the backs and both of the former are

Indomitably plucky, determined aggressiveness, the kind exhibited by the American doughboy when he broke through the old Hindenburg line back in 1918, that is what makes American sport what it is today. It was displayed Saturday by the little Sagebrush eleven from the University of Nevada against Andy Smith's "wonder varsity."

Mt. Diablo High Squad Makes Good Record

Working under the handicap of trying to learn rugby and at the same time absorb knowledge of the American game the Mt. Diablo Union high school first string squad is proving to be a real find. The squad is working hard under the guidance of Coach Hunter.

Concord Wins Three "C" Pennant Race

CONCORD, Oct. 11.—Brentwood's win over Oakley Sunday on a replay of a game protested by the former gives Concord the championship of the Three C league. The score was 12 to 6. Brentwood's victory upset the odds and plans for post-season series between Oakley and Concord. The season was divided into two series and Concord won both.

Six Motor Riders Make Perfect Score

VALLEJO, Oct. 11.—Six motorcycle riders of Vallejo and Napa made perfect scores in the 26-mile endurance test held on Sunday. The Vallejo winners were Ned Bettencourt, Joe Machado and S. Sprague. The winners from Napa were Messrs. Sanders, Descott and Bussell.

Excellent prospects for next season. In the line of power and center and Meyer at tackle are playing the ball for men of their experience and both Forance and Huff at ends are finds for the Blue and Gold. If injuries keep increasing these men may be forced to leave the team. Although they are not ready to start in a game this season, Nine Price and Walt Gorman are more likely to be developed new backs and linemen respectively and their work is valuable. Andy Smith's work in practice is so good that makes the Bears formidable even with numerous injuries.

CRANMER IS IN SLUMP; Toney Playing Fine Ball

Several of the Bruins' second string men will wear close watching for they are about on a par with the first string. Many Varsity positions and all they need is a chance to make good. Some of them will not if they show as well as they did last night. This boy Toney at guard looks to be the equal of Lee Cranner and the same can be said of the other players. A football player is there is one man who is a student of the game and a perfect Cranner appears to be in the Bruins' line. He is a player and he is a player.

'Card' Eleven Preparing for Olympic Club

Van Gent Has Not Yet Stopped Experimenting With His Boys.

STANFORD UNIVERSITY, Oct. 11.—The Stanford football eleven is still in the experimental stage, at least as far as the line is concerned. Coach Van Gent is still experimenting with his boys. The Stanford football eleven is still in the experimental stage, at least as far as the line is concerned. Coach Van Gent is still experimenting with his boys.

PACIFIC COAST PRICES AND THE WORLD'S COMMERCE

CRANBERRY MEN OF PACIFIC MEET EASTERN PRICES

Oakland's Heavy Arrivals Of Potatoes; Poultry Advances.

Following arrival of the first shipments of eastern cranberries, the Pacific Coast Cranberry Exchange today announced advance in the price of its deliveries 50 cents a box. The market price becomes \$5.25 in commission stalls here. Eastern cranberries are \$5.50 for the approximate one-third of a barrel. Both northern and eastern berries are, therefore, practically on a parity in price. Two more carloads of berries from the north arrived from Astoria today by the Pacific Steamship Company's boat.

Including truck offerings, probably nine carloads of potatoes reached the Oakland market today. The movement in spuds has been strong and the prices steady. Southern Potatoes are reported in seven car loads. There also was one carload of sweet potatoes which are holding steady in price at about 3 to 3 1/2 cents a pound.

Heavy hens marked advances in the poultry market here today, being quoted up about two cents. Deliveries have been light and few holiday and the tendency of growers to hold back all hens because of the high prices of eggs, is affecting the market somewhat.

Two more cars of bananas were unloaded in Oakland today to meet the fairly active demand for the fruit. The market is expected to be firm. Citrus fruit holds about even in price with delivery adequate to the demand. There has been no change on lemons and grapefruit in several weeks.

In the deciduous fruit departments plums now have definitely disappeared from trade and the last of the peaches are coming from the ice houses. Butcher peaches have been sold and only a few winter Nellis remain.

There were almost no Turkey canneloupes in the market today and the arrival of bulk is expected to be from the rivers.

In the vegetable department tomatoes are the notable feature. Canneries are still at work on this crop which is helping the market. A few hot-house cucumbers have been advanced, boxes bringing materially higher prices. Garden cucumbers, which are becoming poor in quality.

Indicating the extent to which California onions are being shipped, two carloads from Stockton have been started over the Southern Pacific for Havana. The total distance from Stockton to Havana is 3535 miles, in addition to which they will be handled on car ferries 150 miles.

OAKLAND PRODUCE

FRUIT
Dates—Dromedary Golden, new crop, \$5.50 to \$6.00 per case; 150 lbs. in 12 cases, \$5.50 to \$6.00 per case.

Kale—New, 10¢ to 15¢ per lb. Italian, 10¢ to 15¢ per lb.

Turnips—New, 10¢ to 15¢ per lb. Italian, 10¢ to 15¢ per lb.

Beets—New, 10¢ to 15¢ per lb. Italian, 10¢ to 15¢ per lb.

Radishes—New, 10¢ to 15¢ per lb. Italian, 10¢ to 15¢ per lb.

Winter Squash—New, 10¢ to 15¢ per lb. Italian, 10¢ to 15¢ per lb.

Pumpkins—New, 10¢ to 15¢ per lb. Italian, 10¢ to 15¢ per lb.

Artichokes—New, 10¢ to 15¢ per lb. Italian, 10¢ to 15¢ per lb.

Asparagus—New, 10¢ to 15¢ per lb. Italian, 10¢ to 15¢ per lb.

Brussels Sprouts—New, 10¢ to 15¢ per lb. Italian, 10¢ to 15¢ per lb.

Broccoli—New, 10¢ to 15¢ per lb. Italian, 10¢ to 15¢ per lb.

Cauliflower—New, 10¢ to 15¢ per lb. Italian, 10¢ to 15¢ per lb.

S. P. EXTENSION

COAL DEPOSITS

Huntington Plans May Years Ago May Yet Be Carried Out.

By HOLLAND.

NEW YORK, Oct. 11.—A year or two before the death of John P. Huntington, he was asked why the Southern Pacific Railroad Company was crossing the border and building an extension of its line of branch lines into the Gulf of California.

Huntington said in reply that the chief reason for the only purpose which lay behind the construction of this Mexican extension was to reach the coal deposits in the State of Sonora.

An extension of the Southern Pacific which would enable the Southern Pacific to secure a large tonnage and supply the local market for coal in the State of Sonora.

One of the maps of the Republic of Mexico which is in use in Washington, D. C., shows the coal deposits in the Southern Pacific Company's extension into Mexico to a point near the State of Sonora, where these coal deposits are found.

The map maker drew upon his imagination when he drew the line of completion of this line. It is not completed, but the evidences are excellent that the line will be completed.

In the United States has become satisfactory. Huntington's plans will be completed, and the Southern Pacific Railroad Company will at last tap these great coal deposits in the State of Sonora.

Although the United States possesses no coal deposits of its own, any nation excepting China, nevertheless, it is a curious geological fact that nearly all the coal deposits of the world are found in the Southern Pacific Company's extension into Mexico.

When this venture was begun no one dreamed of the coal deposits in Alaska. All that was known of the great peninsula was that it was a large island, and that it was a long way east of the Rocky Mountains.

The Southwest has been long known for its coal deposits. The coal deposits in the Southwest are found in the Southern Pacific Company's extension into Mexico.

HOUSE BUILT ON
WRONG LOT; TWO
ESTATES IN MIX

Ownership of Residence Presents Queer Tangle To Court.

Superior Judge E. C. Robinson is faced with the task of unravelling a tangled web involving the ownership of an expensive residence built on the wrong lot. It also involves the estates of two men no longer living, that of Arnold Postel, Alameda merchant, who was shot and killed by Mrs. Jesuista d'Agostini, and that of E. J. Bevan, dead a number of years.

Mrs. Greta Postel, the merchant's widow, today filed a petition to settle the matter.

Postel bought a lot on Tyler street near California, Berkeley, in 1916, from Bevan, placed it off and erected a fine house on what he supposed was his lot. After his death, Charles Randolph, on his recent return from the Orient, discovered a lovely home on his own lot, mistaken by Postel for his. Judge R. B. Tappan of Alameda has secured the appointment of Charles Postel as administrator of the Bevan estate in order to bring suit to straighten out the matter.

Rodolph claims the dwelling belongs to him, being on his land, but is willing to compromise by selling some land. Mrs. Postel, an eccentric, declares she has the right to remove the building as it was paid for by her late husband's money. She says Frederick Zerwer, who is alleged to have made the original mistake which led Postel to build on a lot not his own, should pay one-half the expense of solving the problem.

Judge Robinson will take the whole matter up next week.

Chest Exercises
Aid Resident in
Chasing Burglar

BREATHING exercises proved beneficial in an unexpected manner to J. Estes of 2810 School street last night. Estes is in the habit of taking exercises of this character before an open window in his home at midnight every night. Last night as he was giving his lungs an oxygen treat in accordance with scientific methods, he looked through the open window and saw a man crawling up the front stairs.

Thanks to Estes' scientific training, the sight did not take his breath away. Nor did he get winded when he gave chase to the would-be intruder. He caught up with him after a short sprint and seized him. The stranger struck Estes on the head and broke his hold, making his getaway.

Neighbors who saw the chase telephoned the police and patrolmen C. B. Jennings and W. A. Meyer made a search of the neighborhood.

No trace of the man was found. He is described as being about 5 feet 8 inches tall, aged about 35 and weight about 180 pounds.

Man Shoots Girl,
Self As Wife Waits

KANSAS CITY, Mo., Oct. 11.—While his wife sat outside in a motorcar, if H. Sick, automobile salesman, entered a beauty parlor today, shot Miss Hazel Masten, 24, a manicurist, and then turned the weapon upon himself, dying instantly from a bullet in his brain.

The tragedy was the climax of a love affair between Sick and the manicurist. When his wife threatened to secure a divorce, Sick said he would "end" his affair with the girl. He left a note stating that the only way to end it was the course he took.

OAKLAND FAILS IN
R. O. T. C. BACKING,
MAJOR DECLARES

School Board Pledges Support When Warned Branch May Be Withdrawn.

Warned by Majors W. J. McCaughey and Francis R. Hunter that the United States government is planning to withdraw the Reserve Officers' Training Corps, Junior branch, from the schools of Oakland, the board of education last night adopted a resolution pledging itself and all its members to co-operate toward giving this movement greater spirit and strength hereafter.

Major McCaughey said that the R. O. T. C. is not a success in Oakland, and asserted that of eleven communities under jurisdiction of the Ninth Corps, Oakland is lowest in support of this movement.

"It is caused by indifference, disloyalty or antagonism," said Major McCaughey. "As we know that Oakland does not lack patriotism, we have come to the conclusion, after looking into the matter thoroughly, that the trouble is caused by direct antagonism on the part of some school elements, making the R. O. T. C. very difficult to function."

All the principals of Oakland high schools were in attendance and all of them said they were doing their best and would continue to do so.

PART OF DEFENSE PLAN.

On the other hand, Major McCaughey said that of the eligible male student body in Oakland's high schools, Vocational high school has enrolled 41 per cent, Fremont has 27 per cent, and Oakland and Technical 18 per cent each.

"The Corps," he said, "teaches manliness and self-reliance. It is part of the national defense scheme. Oakland's corps costs the government \$80,000 yearly, not to mention \$100,000 in equipment. The war department looks on number and proportion as the indication of the success or failure of a unit. Oakland's is far behind many others. It is now a question: Does Oakland want the R. O. T. C.?"

Principal P. M. Fisher of Technical said he was in favor of the movement. Principals J. R. Sutton, W. G. Green, C. E. Keyes, F. H. Boren, W. A. Tennen and E. D. Brassefield asserted they were working heartily for the project, though sometimes at great disadvantage.

The formal resolution of the board of education pledges its entire support to the move.

SUPPORT PLEDGED.

The resolution follows: Whereas, the President of the United States, in conformity with an Act of Congress, and at great expense to the Government of the United States, has extended in the public school service of the City of Oakland the inestimable advantages of military training of students under the direction of detailed officers of the regular army in an organization known as the Reserve Officers' Training Corps.

And whereas, the Board of Education desires that the public school organization be 100 per cent patriotic.

Be it resolved, that the Board of Education pledges its support to the continuation and development of the R. O. T. C. in the public schools of Oakland and directs that every official and employee of the Board of Education give every assistance and support to the functioning of said organization and the work of the officers in charge thereof.

Advertisement For 5000 Men Probed

SAN BERNARDINO, Oct. 11.—The city council here last night requested a grand jury investigation of the source of a statement in a New York newspaper, under a San Bernardino date, calling for between 5000 and 10,000 mechanics for jobs in California. The statement was purported to be signed by "W. D. Anderson Company." A well-known contractor of that name denied he sent such a statement to New York. According to Mayor S. W. McNab at the city council meeting San Bernardino is furnishing employment to all its own citizens, but has no work for any additional large numbers of mechanics.

Three Apartments Looted By Thieves

Jewelry, clothing and silverware valued at several hundred dollars were stolen by thieves from three apartments at 915 Fallon street. The apartments were entered some time yesterday afternoon.

E. Gabrielson, who was the first to notify the police, had a watch and three rings stolen. Mrs. I. Wass reported that a small savings bank which contained \$16 was taken by the thieves. In the apartment of Mrs. Carl Harst the burglars took clothing and silver.

"Lady Clare" of England Makes
Study of Russ, Mexican Conditions

CLAIRE SHERIDAN, the British woman who startled London when she "ran away" from home to study conditions in Russia. She has but recently completed a similar tour of Mexico and is a guest of friends in Burlingame. Her son, Richard Brinsley Sheridan, companion on the Mexican trip, is also shown in the picture.

Claire Sheridan, the "Lady Clare" of England who was the center of an amazed British interest when she "ran away" from cotillions and polo to make a first hand study of conditions in Russia, is in Burlingame today after several months of a similar research in Mexico.

Lady Clare, relative to Winston Churchill and of the circle that includes the framers of her country's

war and peace policies, kept secret from friends and family her plans for going to Russia. Once there she traveled about alone, made a list of Trotsky and one of Lenin, had unusual opportunity to study the two, and put her impressions of Russia and the leaders of its government in a book. Because Clare Sheridan's book was so different from anything that might be expected from one in

We Guarantee We guarantee every single part to be perfect in construction and perfect in material. The Eureka is built to last you a lifetime. A guarantee goes with every Eureka Cleaner.

EUREKA ELECTRIC VACUUM CLEANER

Don't Wait Until the Last Day

This great free trial and easy payment offer expires sharply at 6 p. m. Saturday, October 15. Don't delay until it is too late.

We urge you to get your request for the Free Trial in today, or tomorrow at the very latest. Don't wait until the big rush on Saturday.

This liberal offer places a Grand Price Eureka Electric Vacuum Cleaner in your home on a 10-Day Free Cleaning Trial. You use it just as though it were your own.

Only \$5.00

Then the Balance on Easy Monthly Payments

If you decide to buy after Ten Days' Free Trial, you can pay down as your first payment \$5.00 and the balance in small, easy monthly payments—30 days between each small payment.

Our liberal easy payment plan gives you the privilege of owning and using a Eureka and paying for it at your convenience.

Try the Eureka Before You Buy IT GETS THE DIRT—NOT THE CARPET.

Don't buy any vacuum cleaner until you have first tried the Eureka. Have the competition right in your home—we invite it.

We want you to use the Eureka for 10 days just as though it were your own. Clean your carpets and your rugs with it. Try it on your furniture, mattresses, and walls. Try it on all the nooks and corners—subject it to every test you can think of.

When you select the Eureka, you get the Electric Vacuum Cleaner that was awarded the "Grand Prize" at San Francisco in competition with 18 others.

Be Sure and Try the Eureka First

"RUBBERNECK" BUS
TO BE PERMITTED
ON SKYLINE ROAD

Council Advances Measure To Allow Sight-Seers On Famous Boulevard.

Sight-seeing vehicles will be allowed on the Skyline Boulevard.

The campaign waged by the Chamber of Commerce and other public organizations to allow newcomers to travel over this "third finest scenic boulevard in the world," today received a favorable response from the city council, which has always taken the stand that heavy vehicles along these roads would soon constitute a greater nuisance than benefit.

The amended ordinance affecting the Skyline Boulevard, however, was delayed one week for passage.

It is proposed to change the old ordinance, which prohibits carrying for hire over these roads, into an ordinance forbidding the carrying of "more than nine passengers" for hire.

A resolution was adopted allowing the city attorney to employ witnesses at \$25 per day in the street-opening cases before the Superior Court, affecting Fourteenth and Seventeenth streets.

her position, because she saw Russia in a favorable light, and because she wrote so entertainingly she became more than ever the talk of the week.

Mrs. Sheridan is the daughter of Sir Morton Frewen and niece of Lady Randolph Churchill and Lady John Leake. She is a former schoolmate in Paris of Mrs. John O. Tobin of Burlingame, and it is at the Tobin home that she is a guest.

With her son, Richard Brinsley Sheridan, and a little green parrot given her by a Mexican, she has returned from the land of Obregon, where she penetrated the back country and got close to the people and the soil.

Mrs. Sheridan saw much of President Obregon and his advisers. She traveled with her son, Richard, and camped in the hills. At no time, she says, was she molested or bothered.

"I counted on human nature just as I did in Soviet Russia," she said, "and have no exciting adventure to report. Everywhere I was treated as a friend."

The days of Mexico's revolutions are over, according to the English woman, who says that one of the greatest works being conducted now in Mexico is that of education.

Father of 32 Runs
Out of Names; Has
Duplicates in Flock

(By Associated Press)

SAVANNAH, Ga., Oct. 11.—A. B. Burgess, a negro employed by the Atlantic Coast Line Railway, probably has the largest family in Georgia. He is the father of thirty-two children and has had three wives. Twenty-six of the children are living. The negro has been blessed with seven sets of twins and two sets of triplets.

When the last set of twins were born, Burgess and his wife had run out of names for them and they went nameless until they selected their own names when they entered public school.

Burgess shied at selecting names when he found that among his progeny he had been "doubling up," having two "Willies" and two "Sallies" in his flock.

OAKLAND GIRL
NOMINATED FOR
QUEEN OF FETE

Eva Bullington Among Those Backed For Ruler of S. F. Shrine Festivities.

Miss Eva Bullington, former University of California student and member of the Oakland school department, has been nominated Oakland's candidate for queen of the Islam Temple Shrine circus and Arabian fete to be held in San Francisco, October 17-25. Every city in Northern California is entitled to present a nominee for the royal honors at the brilliant festival in the Civic Auditorium, Oakland, and the Sacramento valley are uniting in pressing the claims of Miss Bullington as the reigning sovereign. She is the only young woman nominated from this city.

Who is the most popular woman in Northern California? the committee in charge of the Islam Shrine circus has asked. Votes have begun to roll up for the candidates, with the Oakland girl putting forth a fair claim to popular favor.

Not only the privilege of presiding over the colorful fete will be the reward of popularity, but the queen will be presented with a coupe. The young women taking second, third, fourth and fifth places in the contest will receive diamond rings. To the members nominating the two highest winning candidates \$100 reward will be presented. Voting envelopes are to be obtained from Shrine circus headquarters, 306 Santa Fe building, 605 Market street, San Francisco.

The contest for queen opened on Saturday and will continue through Wednesday, October 19, according to announcement today.

Miss Bullington, who will support Oakland's claim, is a graduate of the Chico high and Normal schools. Last year she was registered as a student in the University of California.

At present she is affiliated with the physical education department in the Oakland schools. Friends in Chico, where she formerly resided, and throughout the Sacramento valley are interesting themselves in her candidacy. Chambers of commerce, Rotary clubs and various Shrines are being called upon to support her nomination. Miss Bullington resides at the Peralta apartments.

ROBBERY AT HAYWARD. HAYWARD, Oct. 11.—Police were searching today for thieves who during last night entered the Central market operated by R. Rasmussen and stole \$42 from the cash register. They entered by means of a pass-key.
